IN THIS ISSUE: BLACK HISTORY MONTH 2019!

February is Black History Month, and here at ***PREVIEWS***, we're showcasing comics and graphic novels that feature black characters or were created by African-American creators, or somehow describe the black experience in America. We've got biographical comics telling the stories of the likes of Billie Holiday, Satchel Paige, Zora Neale Hurston and others, as well as tributes to comic artists like Golden Age great, Matt Baker, plus a host of other contemporary black creators. We've got an *Indie Edge* profile of rising star Ben Passmore (*Your Black Friend, DAYGLOAYHOLE*) on page 12 of this issue, and we point out some of the great titles offered this month in a special boutique *BHM* section, located at the beginning of our Print section on page 230!

ALSO, IN THIS ISSUE: INTERVIEW: LION FORGE CEO DAVID STEWARD II

Founded in in St. Louis in 2011, Lion Forge has published a wide range of original and licensed titles, for readers of all ages, and prides itself as a company committed to "Comics for Everyone." Leading this "Comics for Everyone" publishing house is co-founder and CEO David Steward II. This month, in conjunction with our celebration of Black History Month, David took a break from his busy scheduled to talk to us at length about Lion Forge — where they came from, what they've accomplished, and where they're going in 2019 and beyond…

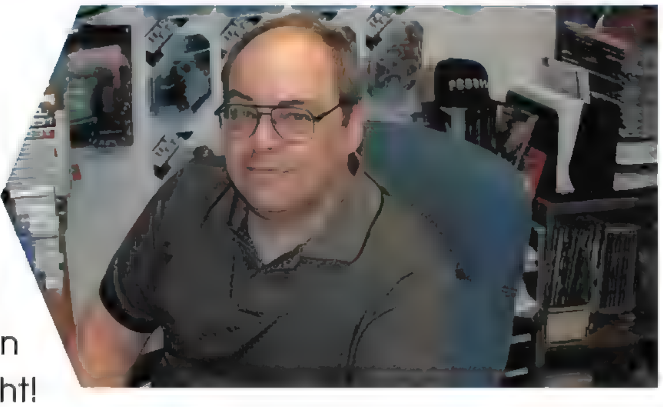
TOY FAIR IS COMING...



It's mid-January here in Maryland, and we just had a few days with temperatures in the low 50s. A year ago, we had been pummeled by the coldest week-and-a-half on record… 20 degrees or lower by day, single digits by night! I'm not sure if it's all part of the growing global warming, or just the typical wonky Maryland weather, but hey, I'm not complaining.

2018 was a great year for Toys and Collectibles, and 2019 is already shaping up to be another landmark year of amazing releases, both foreign and domestic. And if it's February, that means we will once again be sending our team to New York City once again for the 2019 International Toy Fair, scheduled for February 16-19. In between meetings with our valued suppliers and vendors from around the world, our crack team of Toy specialists will once again be scouring the four corners of the Jacob Javitts Center for the latest and greatest in toys and collectibles, and as usual, our ***PREVIEWS***world reporters will be there to capture the events in photos and videos, which you'll be able to follow on ***PREVIEWS*****world.com** and ***TOYCHEST*****news.com**. Tsuburaya Productions, creators of Kamen Rider and my personal favorite series of ALLS TIMES, Ultraman, finally recovered the worldwide rights to distributing and marketing Ultraman outside of Japan, so I am hopeful and anxious to see if anything comes out of this recent development from last year. Fingers crossed!

In this issue of ***PREVIEWS***, we're once again celebrating *Black History Month*, showcasing the comics and graphic novels that feature black main characters, that were created by African-American creators, or dramatize the black experience in America. We've got some great backlist items, as well as all-new titles, being offered this month, and we have some suggested titles for you to check out in our BHM spread, on page 230 of this issue. Elsewhere, we have interviews with Lion Forge CEO David Steward II (page 322), and our Indie Edge feature this month (page 12) profiles writer/artist Ben Passmore, creator of *Your Black Friend* and *DAYGLOAYHOLE*, a dynamic new voice in comics with a fresh, unique style all his own.

And finally, don't forget that **Free Comic Book Day 2019** is only a few months away on Saturday, May 4th! Last month we revealed all the Gold and Silver-level titles that will be available for *FREE* on the first Saturday in May — which also happens to be "Star Wars Day" this year! Which leads nicely to our 2019 *FCBD Commemorative Artist Series T-Shirt*, this time around featuring a great new image by *Star Wars Adventures* cover artist, Derek Charm!

Free Comic Book Day is always a great chance for you to take your family and friends (and *their* kids) to your local comic shop to enjoy a day out for fun, comics, and togetherness. I hope you'll make plans to venture out to your favorite comics shop on May 4th and grab a few free comics for yourself!

That's all for this month, see you in March!

Your Pal @ ***PREVIEWS***,

Marty

It's all work *and* lots of fun at the fictional Berke's Comic Shop in our new strip, ***Comic Shop Tales***! Come back each month for a new tale, and go online at ***PREVIEWS***world.com for more strips during the month!

The Mysterious Blind Al

Created by Joe Kelly and Ed McGuinness, Blind Al debuted in *Deadpool* #1 (1997). Much of her background is mysterious, although it is revealed that she worked with British intelligence. While stationed in Zaire, Wade Wilson was hired, and failed, to kill her. Years later, after becoming Deadpool, Wilson once again encountered Al and captured her. What followed is perhaps one of Marvel's stranger relationships. Al serves as a combination of prisoner, housekeeper, maternal figure, and friend to Deadpool.

EDGE ESSENTIALS

Pick up these books to learn more about Ben Passmore's *Indie Edge* style!

- **DAYGLOAYHOLE #3** (SEP181969)

Please tell us a bit about yourself!

I get really caffeinated on Dollar Store energy drinks and pump-out vaguely sincere comics about race, anarchist lifestyles, contemporary politics, gooey monsters, and failed relationships (real and imaginary). I'm best known for a short comic called *Your Black Friend (...and Other Strangers HC/* DEC171793) that came out through Silver Sprocket in 2017 and won some awards that I keep next to the cat food to impress dates. I also make a dystopian anarcho-punk series called *DAYGLOAYHOLE* (*#3*/SEP181969), about two men wandering around New Orleans after an apocalypse looking for pornography and snack foods.

What are your favorite projects you've contributed to over the past decade?

For the last year I've been doing the art for a David Cronenberg-inspired horror comic with writer/artist Ezra Claytan Daniels called *BTTM FDRS* (OCT188381). It's sort of like *Tremors*-meets-*Insecure*. It does something that I have a difficult time pulling off, which is socio-political critique by way of genre fiction. It's coming out next June through Fantagraphics.

What are you currently working on?

The next few things I'm working on are more issues of *DAYGLOAYHOLE*, as well as a new horror book with Czap Books, and a comic about a school uprising with Radiator Comics. I'm also finishing up a comic for Koyama Books about a football riot that turns into a civil war on the streets of Philadelphia. It's a comedy.

What fun titles are you reading?

Top Shelf's ***MARCH*** Series (*Book 1*/JUN131298) written by Andrew Aydin and John Lewis, drawn by Nate Powell, are beautifully made books and a rare example of a Biography in comics form that really uses the medium well. It's hard to read any narrative approach about this period in Civil Rrights and not feel like things are lost through romanticizing and a general desire not to disrespect people that lived and died for black personhood under the law. That being said, this book approaches a lot squarely and viscerally, and doesn't always flatter. As someone who isn't very interested in laws, I'd rather read an equally ambitious book about the Black Liberation Army, but maybe it's just because I think bank robberies are exciting to look at?

Red Red Rock by Hayashi Seiichi (NOV161569) While I'm positive I would've hated how much Beatles is in Seiichi's record collection, I can't deny that his surrealistic and often hauntingly personal comics and simple, almost iconographic figuring made me want to burn everything I've drawn and approach comics totally different.

The Anti-Capitalist Resistance Comic Book by Gord Hill (Arsenal Pulp Press). Despite the broad title this succinct B&W comic covers a lot of the anti-globalist resistance mobilizations from "The Battle of Seattle" to the Toronto G20, from the street-level. Its focus might be a little narrow at times, but the busy ink style and on-the-ground POV will take you back to when you rocked black hoodies, tried to learn the accordion, and would never be caught dead in a Starbucks.

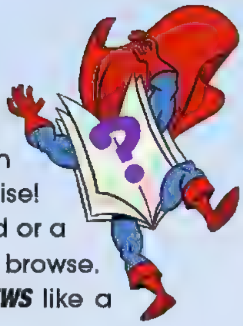
USER'S GUIDE

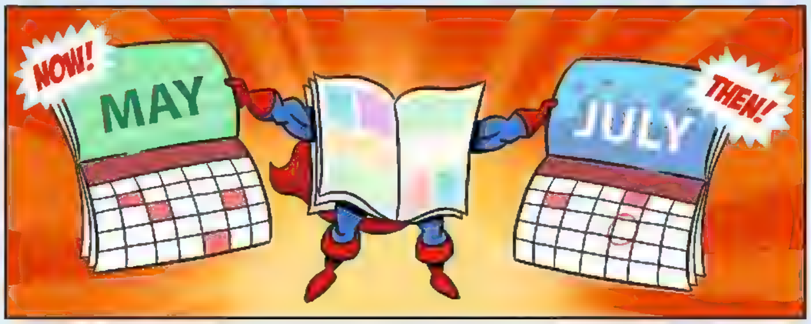
Learn How to Use *PREVIEWS* to Order From Your Comic Shop!



There's *a lot* of awesome comics and products to look through in ***PREVIEWS***. "A lot" might be a bit of an understatement, as each month's catalog is filled with hundreds and *hundreds* of pages of upcoming comics and related merchandise! It can be easy to accidentally overlook a new series you've been dying to read or a figure you've been pining to add to your shelf when there's so many things to browse. That's why we've put together this guide to help you learn how to use ***PREVIEWS*** like a pro to order the awesome titles and products you want!

WHAT EXACTLY IS *PREVIEWS*?

PREVIEWS is part catalog, part magazine (we call it a *Mag-a-log*!) of monthly listings of all of the upcoming comic titles and related products from your favorite publishers and manufacturers in one convenient place. And don't worry—***PREVIEWS*** is organized by publisher and product type (and color-coded to boot!), to make it easy to find and flip to the section or items you're looking for. Each item listing has the information you need, such as format, size, page count, price, release date, stock or item code, and descriptive text, and nearly every listing is accompanied by artwork or images.



NOW!
MAY
JULY
THEN!

The most important aspect of ***PREVIEWS*** to remember is that **items solicited in the catalog are anticipated to ship 2-3 months later** (or more). For example, if you found a comic you wanted in the May issue of ***PREVIEWS***, you can expect to see it turn up in your local comic shop in July. The catalog can be a great resource for figuring out where your favorite comic series is going, or for discovering new ones that you'll want to add to your library—not to mention all the other awesome products!

HOW DO I ORDER FROM *PREVIEWS*?

When you've picked out all of the items you want, you can fill out the **Short Order Form** included in your copy of ***PREVIEWS*** and submit it to your local comic shop. You can also ask your friendly neighborhood retailer about obtaining a **Customer Order Form**, a booklet that contains a complete listing of all the items made available for that month. These forms make pre-ordering your comics and products a breeze and can help your local comic shop decide what to stock in the store for other customers, too! Be sure to also ask your retailer about their **pullbox or subscription service**. Once you've submitted your order, you can sit back and relax, or try to contain your excitement until your comics and merchandise arrive!

NINE REALMS HAVE FALLEN, AND EARTH STANDS ALONE IN THE WAR OF THE REALMS

The Marvel Universe faces its darkest hour as armies of dwarves, dark elves, frost giants, and more invade New York City as Malekith the Accursed makes his final move to conquer the Ten Realms in Jason Aaron and Russell Dauterman's epic crossover, *War of the Realms*, from Marvel Comics, beginning this April!

Across the realms of Asgardian mythology have the forces of Malekith rampaged, laying waste to the worlds of Asgard, Alfheim, Heven, Jotunheim, Muspelheim, Niffleheim, Nidavellir, Svartalfheim, and Vanaheim and bringing them under the Dark Elf's rule. Only Midgard – Earth – remains unconquered, and now the gates have opened in New York City and Malekith's armies of Dark Elves, Dwarves, Frost Giants, Fire Demons, and more bring their war to the last realm untrammeled. Against them stand the heroes of the Marvel Universe, and their battle against Malekith's forces to save Earth from the dark elves, even free the other realms, will be perhaps the greatest challenge they will ever face – and it is one they will have to face without Thor at their side!

Jason Aaron's six year run on *Thor* has been building to *War of the Realms*, an explosive chapter in the story too big for the pages of *Thor* to contain! Joined by his artistic collaborator Russell Dauterman, Aaron tells the story of the Marvel Universe's desperate battle against the gods and monsters of Norse mythology. Whether one has followed the build-up of the story in Thor or is coming to the event fresh, *War of the Realms* is a no-holds-barred battle royale for the fate of Earth.

In war, there can be no bystanders, and Aaron and Dauterman's *War of the Realms* will leave you breathless when it begins this April!

A war has been brewing between the old gods of the Old World and the new gods of the modern world. Forces have been marshalling, players are jockeying for position, and Mr. Wednesday, the incarnation of Odin, lays dead. A WOMAN'S EXPLORATION OF MAGIC, FAITH, AND SEXUALITY LEADS HER TO SELF-KNOWLEDGE IN BOOM!'S *FAITHLESS*

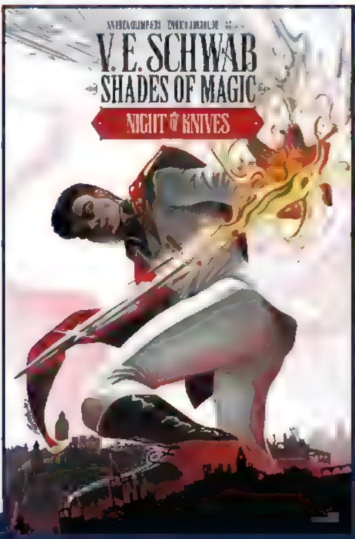
She's a firm believer, even if her friends think it's weird, and some of that magic might even involve sex magic. What Faith doesn't know – can't know – is that she's playing with forces she can't imagine, and one day her dabbling in magic attracts the attention of Hell itself, and Hell will show her what true magic and power really is. Written by Brian Azzarello (*Batman: Damned*) and illustrated by Maria Llovet (*Loud*), BOOM! AWARD-WINNING AUTHOR V. E. SCHWAB RETURNS TO HER HIT FANTASY WORLD!

#1 New York Times bestselling author
V. E. Schwab begins the second story of her acclaimed fantasy comic, ***Shades of Magic!*** Set in the world of her hit fantasy novel series, the comic tells new tales of gaslamp adventure, swashbuckling action, and beautiful magic, starring Maxim Maresh – Prince of Red London!

We managed to grab a moment with this prolific creator, who let us in on what she learned from *The Steel Prince*, and what we can expect from the new story: ***Night of Knives!***



V. E. SCHWAB

How does it feel to have finished *The Steel Prince*?

Victoria It's still sinking in! I had to learn a completely different way of thinking about stories – how much to fit into each issue, how much should go on a given page, where each page should break... It's definitely been trial by fire, but I've become more and more confident, and each issue has been stronger for it.

I've gone from writing a 700-page fantasy novel to conveying a story in bite-sized increments, but I love it. I've always been a cinematic writer. I've always had to visualize and choreograph an entire scene, then transcribe it – so while the new format is a challenge, it's also very intuitive for me to think in visual terms.

What's your team been like?

Victoria My editor, Amoona, has been incredibly valuable. She's walked me through every process, and really eased the learning curve. And my artist and my colorist and the cover artists... they've all been remarkable in bringing this to life.

How have fans responded?

Victoria From what I've seen, everyone has really enjoyed it! *Shades of Magic* fans are incredibly voracious, and they always like anything art-based, so I think for many fans this is a really cool gift. It allows them to see this world in a way that they haven't before. And it's really exciting to see readers who are starting *Shades Of Magic* with the comics! They have a different doorway into our world.

Reviewers called *The Steel Prince* very accessible; is that your aim?

Victoria Obviously my hope is that you'll read the volumes in order, but you shouldn't have difficulty jumping in at any point. It's designed to be accessible, in the same way as my fantasy novels.

I think for a long time, accessibility was a bad word in genre fiction. Hardcore fans liked the exclusivity. But I want readers to drop into a story with ease, to feel consumed by it. I don't want to gatekeep that in any way. My great interest is making fantastic stories accessible for the broadest audience possible.

What details can you give our readers about *Night of Knives*?

Victoria All three arcs of the *Shades* comic are based on a conversation in one of the novels, where we learn that Maxim Maresh, the King of Red London, earned a reputation in his youth as The Steel Prince, through three extraordinary feats – The Pirate Queen was our first arc (titled The Steel Prince), the Night of Knives is this second arc, and the Rebel Army will be the third.

When I first wrote those titles I just thought "well, what would sound cool?" The problem? I didn't know what those events actually were until I sat down to write these comics! I just wrote The Night of Knives because it sounded so damn cool! And I was just, like... oh, hell, what *is* the Night of Knives?! I had to go about it in reverse-fashion, figuring out what the Night of Knives really is.

Well, don't leave us in suspense! What is the *Night of Knives* itself?

Victoria The Night of Knives is a trial that criminals and royal guard and anyone in-between can undertake, in the lawless city of Verose where the story is set. It's actually a series of trials, called the Night of Knives because you get a marking, a scar, for each challenge you survive. Of course, no-one has survived all the trials, so it's also a test of wisdom; you have to know when to bow out.

It's a way for soldiers and pirates alike to gain a little cred, and Maxim decides to join in – to win the respect of his army, who think he's just a prince playing soldier, and of the citizens of Verose, who just see him as a target.

So to prove he's not an arrogant prince, he... joins a deadly trial?

Victoria Often in my novels – and now my comics – it's not about having power, but knowing what to do with it. Learning your own limits and weaknesses, in order to make yourself stronger. Maxim is a very proud, arrogant and self-righteous character. He's never been under any duress before the comics started, and he really is a royal prince, playing soldier. All three arcs of the comic are about him learning that he has to really earn this reputation that's going to outlive him.

I describe the novels as grown-up *Harry Potter* meets *Avatar: The Last Airbender*, and I think that's still fair for the comics. If you enjoy magic, combat, and adventure, these should appeal to you!

THE DESCENDER/ ASCENDER TIMELINE

DESCENDER

4,000 YEARS BEFORE PRESENT:

Master Professor Osris and his apprentice, Kelik, launch the first space mission from planet **Ostrakon**.

Outside **Ostrakon**, Osris' spacecraft encounters a massive robot, which he flies into. Osris and Kelik are transported to a realm of sentient machines called the Descenders.

Osris spends years with the Descenders, reverse engineering the robots.

After Kelik passes away, Osris returns to **Ostrakon**.

3,990 YEARS BEFORE PRESENT:

Osris manufactures hundreds of automated servants on **Ostrakon**, including the first man-made sentient robot.

Upon being informed that it's a servant to Osris, the sentient robot tells Osris that his ordeal has been a test to see if humans and robots could live in harmony, and that humanity has failed.

Osris and his creation take refuge in an abandoned temple as giant robots appear and destroy humanity. Osris dies and the robot is left in the ruins.

15 YEARS BEFORE PRESENT:

Professor Isaac Solomon and his assistant, Jin Quon, go to **Ostrakon** and discover the entombed, sentient robot.

The robot warns Solomon and Jin Quon that humanity will all die if "they" see.

Jin Quon copies the robot's codex, or robot DNA, and uses the technology to create other sentient robots, including the child-like companion robots in the Tim series.

10 YEARS BEFORE PRESENT:

The destructive robots from nearly 4,000 years ago—the Harvesters—reappear and kill millions of people, vanishing after.

The event prompts a robot genocide, with teams of "scrappers" paid to destroy artificial life.

On the mining moon of **Dirishu-6**, a pocket of poisonous gas erupts, killing the entire colony save a young escapee—Andy Tavers—and leaving his companion robot—Tim-21—offline with its robot dog, Bandit.

THE PRESENT:

Tim-21 awakens on **Dirishu-6**, alerting a group of scrappers who are foiled by a mining droid, Driller.

On planet **Niyrata**—the home of the United Galactic Council (UGC)—a team assembles after learning that Tim-21 has the same codex as the Harvesters. The team includes Jin Quon, Captain Telsa, and the soldier Tullis. The team plans to use Tim-21 to build their own Harvesters to counter an incoming attack.

The UGC team finds Tim-21, but is intercepted by a scrapper ship that delivers them to the planet **Gnish**, where King S'nok III imprisons them.

The Hardwire—a secret society of machines waging war on humanity led by Psius—brings the crew to the **Machine Moon**. Telsa and Jin Quon discover an inoperative Harvester that the Hardwire worship as a god.

Tim-22, another former companion robot, disables Tim-21 and, posing as Tim-21, escapes with Jin Quon and Telsa after Jin Quon reveals that Solomon and the first sentient machine are alive on the aquatic planet of **Mata**.

Telsa alerts the UGC military to the location of the **Machine Moon**.

After discovering Tim-22's identity, Jin Quon wounds Tim-22 and rescues Telsa.

Meanwhile, Tim-21's brother, Andy, is now a scrapper in pursuit of his former companion as a bounty. Andy tracks Tim-21 to planet **Gnish** but discovers he's no longer there, escaping with Bandit, Tullis, and Driller.

The crew travels to planet **Sampson** to see Andy's ex-wife, the half-human/half-robot Effie, who can track Tim-21 using Bandit. After an attack from the Gnishian military, Tullis sacrifices himself battling a solar worm.

Andy jettisons Driller into space and onto planet Woch.

The remaining crew meets with Tim-21, Telsa, and Jin Quon.

Tim-21 escapes the Hardwire and saves Telsa from Tim-22; Jin Quon is badly injured.

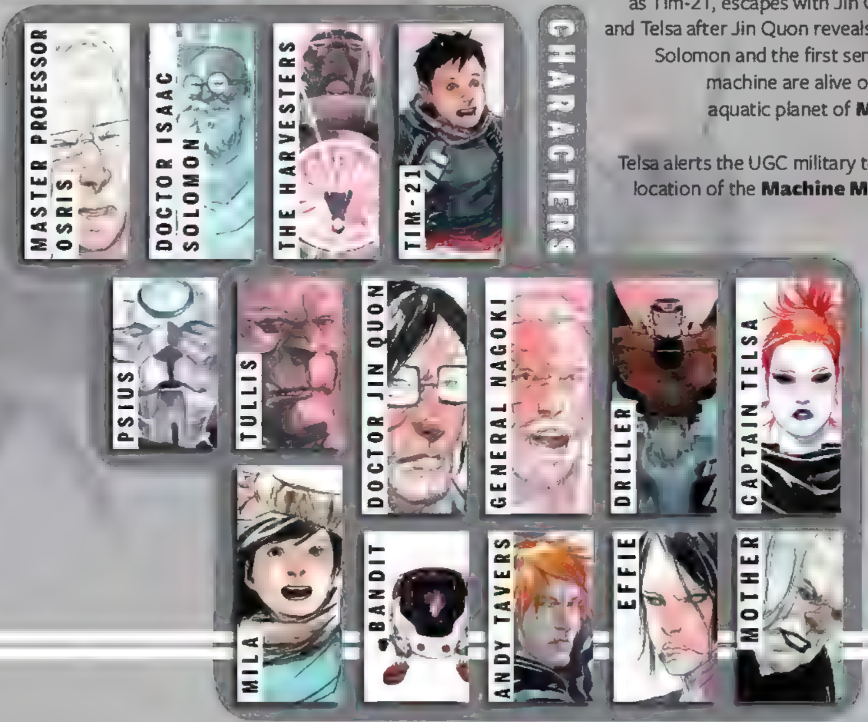
On **Mata**, the trio finds Solomon and the first sentient machine, who explains that the only way to save humanity is for machine-kind to leave the universe and return to the world of the Descenders. Solomon heals Jin Quon.

On **Machine Moon**, UGC forces are decimated as the Hardwire massacres all organic life.

After Telsa disobeys orders to deliver Tim-21 to the UGC, Tim-21 makes contact with the Descenders, agreeing that all machine-kind be transported away.

Gnishian forces, led by the new King S'lok, destroy the Hardwire.

In response, the Harvesters appear, leveling the population of every planet as Tim-21 and all machines vanish.



ASCENDER

10 YEARS LATER

In a new world with no advanced technology and filled with exotic magic, rebels from the UGC battle an evil sorceress called Mother.

On planet **Sampson**, Andy and Effie have given birth to a daughter, Mila.

ACTION & ADVENTURE, SUPERNATURAL HORROR

Something hunts people on the outskirts of town...

Sam and Lielet are two new friends living in Ethiopia. They're dealing with the kind of problems that all kids have: judgmental social cliques, condescending adults, alienation... and a legendary brain-eating monster straight out of folklore. Sure, it's not going to be easy, but all they have to do is live through it.

Showcasing a quietly unsettling plot and building tension similar to **NICK DRNASO**'s **Sabrina** and **ADRIAN TOMINE**'s **Killing and Dying**, debut creative team **NICHOLAS AFLLEJE** and **SARAH DeLAINE** construct a poignant story of otherness and mystery.

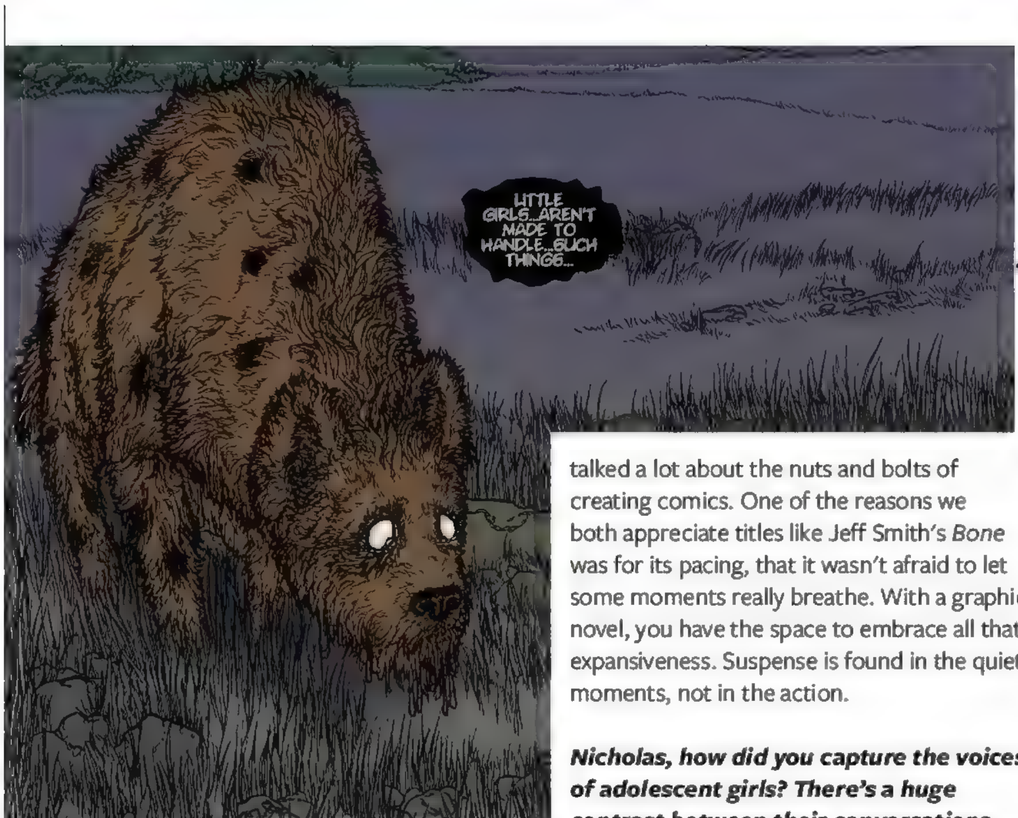
If you liked **Nick Drnaso**'s **Beverly**, you'll love **LITTLE GIRLS**.



LITTLE GIRLS...AREN'T MADE TO HANDLE...SUCH THINGS...

CREATOR SPOTLIGHT

***LITTLE GIRLS** revolves around African folklore, primarily the cryptid Kerit. What drew you to this creature and mythology?*

NICHOLAS AFLLEJE: There was a news article about a farmer whose livestock had been repeatedly preyed upon by some unknown creature that was only eating their brains. The reporter believed that it was the work of some sick animal trying to fix a nutrient deficiency. The farmer insisted that it was instead something called a Nandi Bear, and he was worried that the thing was becoming more clever after each attack. The way the article dropped that piece of information like it was just some obligatory addendum had me hooked almost instantly.

Sarah, you use off-panel reactions and repeating panels through the graphic novel. Can you talk about your approach to building suspense?

SARAH DELAINE: Honestly, a lot of that came down to the awesome script that Nicholas wrote. Before we even began the project, we talked a lot about the nuts and bolts of creating comics. One of the reasons we both appreciate titles like Jeff Smith's *Bone* was for its pacing, that it wasn't afraid to let some moments really breathe. With a graphic novel, you have the space to embrace all that expansiveness. Suspense is found in the quiet moments, not in the action.

Nicholas, how did you capture the voices of adolescent girls? There's a huge contrast between their conversations—starting a band, slasher movies—and the peril they face.

AFLLEJE: I have mostly my nieces' participation to thank for that. A few unstructured interviews and some immersive observation helped me lock down a level of flow and cadence with the dialogue that I could feel comfortable with. I also held a job as an after-school group leader, which I'm sure informed the characters' behavior on some level as well.

What research did you do to capture the animals and setting of Ethiopia in 2004?

AFLLEJE: I like to have two research folders for projects like this. There's one for facts and one for the anecdotal in order to (for lack of a better term) capture the two truths. I had a teacher who hammered in the whole Apollonian/Dionysian dichotomy throughout high school that obviously left an impression.

DELAINE: The hyenas were first. I had to figure out how to draw a decent hyena to begin with but also express their animal "personality," or at least their intentions through posture, even though my style isn't very cartoony. That meant lots of videos of hyena/lion altercations to watch how they interacted. For the setting, Nicholas first pointed me in the direction of some interesting history about Harar and the region to begin with. Then I checked out some of the landmark buildings and architecture styles and basically scoured the web for photos that would show me what the random side streets or outlying areas might look like and drew amalgamations of what I found.

What can you promise readers in your debut graphic novel?

DELAINE: SO MANY HYENAS. Also, one new friendship. Fair warning: animal on animal violence is depicted (and maybe some cryptid on human violence, too.)

KEEP READING!

Every fantasy epic ends with a war. But what happens when the war is over?

After posing as a man to join the army, Jenner Faulds returns home to The Feld for a new start as a "Fairman"—a specially licensed private investigator. But sexism didn't end on the battlefield, and as the only "Fairlady", Jenner gets stuck with the cases nobody else wants. Hitting the streets to solve The Feld's overlooked mysteries, Jenner finds that the smallest cases hide the biggest secrets.

Writer **BRIAN SCHIRMER**, artist **CLAUDIA BALBONI** (**Star Trek**), and colorist **MARISSA LOUISE** team up for **FAIRLADY**—an all-new series with the procedural case-solving of **Magnum, P.I.** and **Fables**, but set in a vibrant, **RAT QUEENS**-like high fantasy world.

Plus, this—and every—issue contains a complete 30-page story!

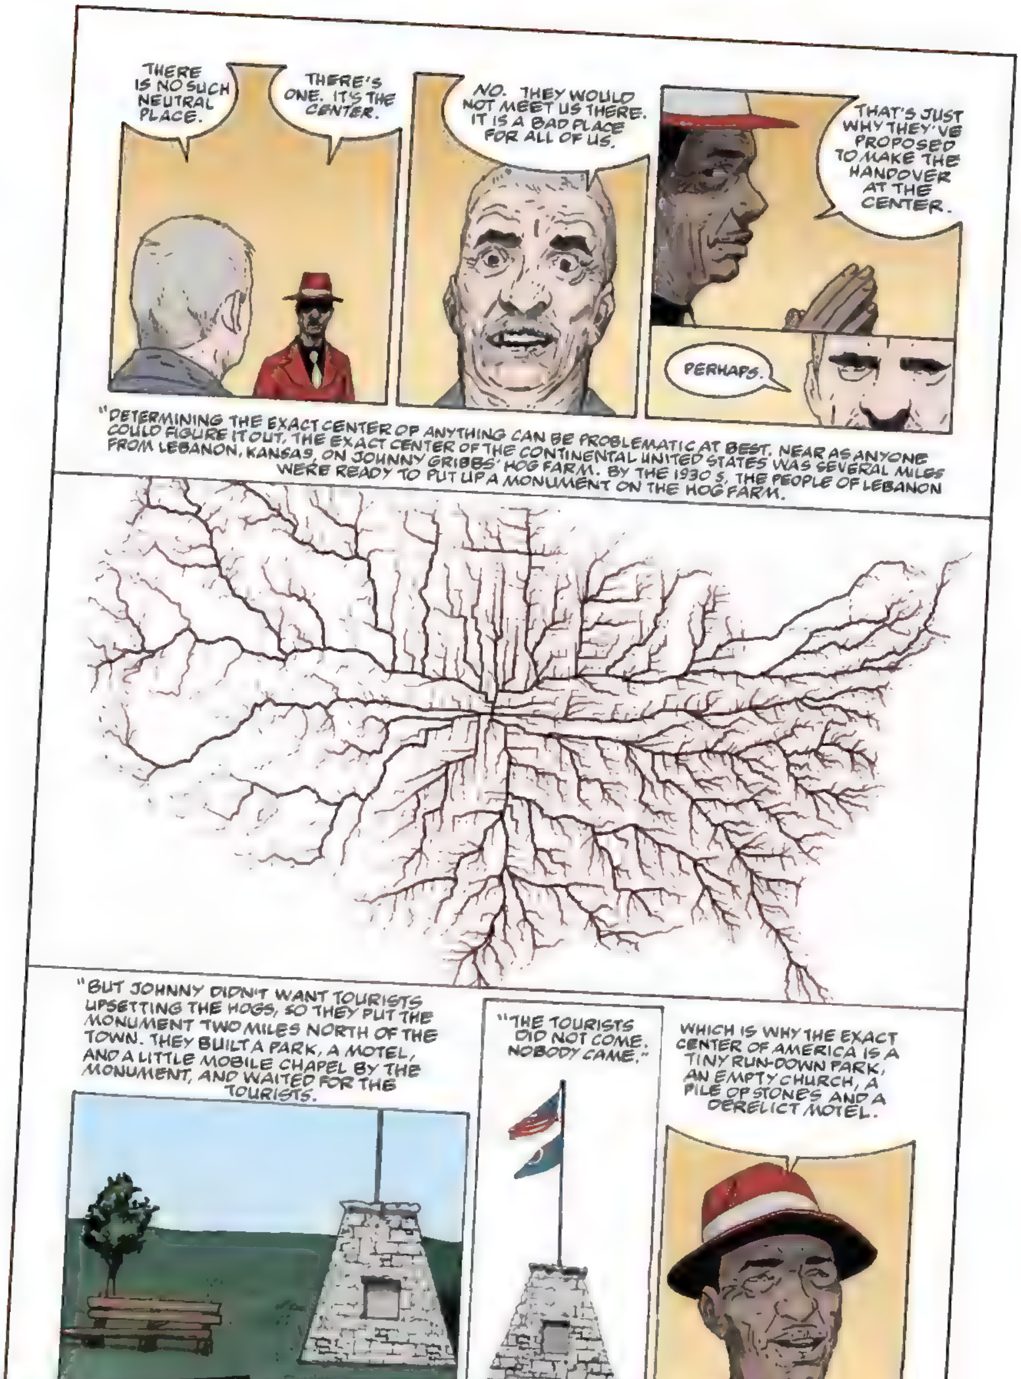
GEM of the Month



THERE IS NO SUCH NEUTRAL PLACE.
THERE'S ONE. IT'S THE CENTER.
NO. THEY WOULD NOT MEET US THERE. IT IS A BAD PLACE FOR ALL OF US.
THAT'S JUST WHY THEY'VE PROPOSED TO MAKE THE HANDOVER AT THE CENTER.
PERHAPS.
"DETERMINING THE EXACT CENTER OF ANYTHING CAN BE PROBLEMATIC AT BEST. NEAR AS ANYONE COULD FIGURE IT OUT, THE EXACT CENTER OF THE CONTINENTAL UNITED STATES WAS SEVERAL MILES FROM LEBANON, KANSAS, ON JOHNNY GRIBBS' HOG FARM. BY THE 1930 S, THE PEOPLE OF LEBANON WERE READY TO PUT UP A MONUMENT ON THE HOG FARM.
"BUT JOHNNY DIDN'T WANT TOURISTS UPSETTING THE HOGS, SO THEY PUT THE MONUMENT TWO MILES NORTH OF THE TOWN. THEY BUILT A PARK, A MOTEL, AND A LITTLE MOBILE CHAPEL BY THE MONUMENT, AND WAITED FOR THE TOURISTS.
"THE TOURISTS DID NOT COME. NOBODY CAME."
WHICH IS WHY THE EXACT CENTER OF AMERICA IS A TINY RUN-DOWN PARK, AN EMPTY CHURCH, A PILE OF STONES AND A DERELICT MOTEL.

January 25, 1931: an expedition team arrives at a campsite in Antarctica . . . to find its crew of men and sled dogs strewn and dead. But a still more horrific sight is the star-shaped mound of snow nearby . . . for under its five points is a grave—and what lies beneath is not human!

At the Mountains of Madness is a journey into the core of Lovecraft's mythos—the deep caverns and even deeper time of the inhospitable continent where the secret history of our planet is preserved—amidst the ruins of its first civilization, built by the alien Elder Things with the help of their bioengineered monstrosities, the shoggoths.

Since it was first published in *Astounding Stories* during the classic pulp era, *At the Mountains of Madness* has influenced both horror and science fiction worldwide!

Soon the toxic atmosphere spills into the streets, undermining the very infrastructure that makes the city tolerable. RIP KIRBY, VOL. 11: 1973-1975

writer **Fred Dickenson**

artist/cover **John Prentice**

The longest-running modern adventure strip continues with eleven new stories starring the debonair private detective, reproduced from the original King Features Syndicate proofs. In these stories, Rip Kirby takes part in an old-style shoot-out in a nearly deserted Western ghost town, battles the deadly Owl and the Pussycat over a hidden stash of heroin, and rubs a magic lamp the wrong way in a Turkish bazaar. After learning he is the doppelganger of the crown prince of a postage stamp-sized country, the bespectacled detective follows the trail of a counterfeit two million before being framed by a paroled con man who wants to get even with Rip for making him play second fiddle in the prison orchestra. Plus—the long-awaited return of Rip's original girlfriend, Honey Dorian, as well as his arch-nemesis, the deadly Mangler! The more than 800 sequential comics from January 22, 1974 to October 11, 1975 also feature Rip's new girlfriend, Holly Glowstep, and standbys such as Desmond, Wiggins, and Ma Casino.

FOUR SISTERS, VOL. 2: HORTENSE

writer **Cati Baur, Malika Ferdjoukh**
artist/cover **Cati Baur**

Second book in the series! Since the deaths of their parents, Hortense and her sisters have been on their own. Winter arrives and, as the world is buried in snow, eleven-year-old Hortense buries her life in books. She wonders what she will become: a character in her favorite show? A surgeon of incurable diseases so she can save her new friend Muguette? Or a world famous actress? But to go onstage, Hortense would have to overcome her shyness, which seems unlikely for a girl who'd rather write in her diary than express her feelings out loud. It's in her diary where she exposes her innermost thoughts and shares the ups and downs of her life as a girl and a sister.

Lust, guns and revenge. As American as the wicked west. Ricky Toledo is going to find the man who killed her mother, and revenge is going to be sweet. Ricky was 15 when she fell hard for a handsome drifter who rented a room in her family home. Then he killed her mother and got her father sent to prison for it. It's three years later, and Ricky will stop at nothing to get revenge. A broken young woman and her trusty companion—a Smith and Wesson 45 named Golddigger—track a serial killer hiding in plain sight as a travel blogger. It's a dark, grimy game of cat and mouse through a tangled American landscape. And, like all the best crime noir, it's a twisted love story.

15th ANNIVERSARY
GEM of the MONTH

WRITER VITA AYALA AND ARTIST OLYMPIA SWEETMAN TALK *XENA: WARRIOR PRINCESS #1*

Who is Xena, to you?

VITA AYALA: Xena is the kind of person who believes that your fate is in your own hands, Gods and Fate be damned. Her belief in personal responsibility and action is what has driven her, her whole life. It first propelled her to take up the sword to protect her village, it led her to assemble an army and expand her "circle of protection" and become a warlord, and ultimately, it is what allowed her to come back around and fight for good. In deciding to fight for Good, Xena is taking on something Sisyphean, but she does it with her chin up and her heart on her sleeve, because in the end she is not doing it for her own sake, but to try and make sure that nothing like what she has done happens again.

What do you have planned for Xena and Gabrielle?

VITA AYALA: The series, as a whole, to me is about learning, personal growth, and taking responsibility for your impact in the world. For Xena, it means atonement – she punches, kicks, and peace-makes in a quest for redemption that she knows will never end. For Gabrielle, traveling with Xena has given her a way to explore cultures and places she couldn't even have dreamed of, and to turn her talent for talking into a way to self-actualize – she KNOWS she was meant for more than the "provincial" life, and wants to bring the joy of story (and Xena) to the world.

In this series, the team wants to take all that and expand it to include the most fun sort of complicating factor – a road trip, with an enemy-to-friend(?) twist!

What's your artistic approach to Xena, as a character?

OLYMPIA SWEETMAN: My approach to Xena is making sure she exudes power and beauty...but also the wide range of emotions, attitudes and reactions to the world her and Gabrielle navigate on their adventures. It's my goal to depict both her monumental regard and relatable humanity in the way I draw her. I also must admit that I absolutely love drawing her detailed and intricate armor and weapons.

Can you tell us about the world you're building around Xena?

OLYMPIA SWEETMAN: The world Xena occupies is so beautifully rich, and It's important to me to convey that richness and depict all the interesting attributes and details of this fantastical version of Ancient Greece. Xena on her own is a grand character, and her story demands a setting that is just as bold and splendid. There is a wider and more colorful variety of characters, locations and scenarios for Xena than even I expected. I'm excited for the reader to get lost in the book just as much I as I have gotten lost in drawing it.

Having just scored a victory against the nefarious Bubba Ho-Tep, our heroes Ash and 70's-era Elvis take to the skies in the King's private jet, escorting the powerfully destructive Necronomicon Ho-Tep. In order to keep it out of the wrong hands, they must provide the Egyptian artifact safe passage back to Elvis' secure fortress in Graceland. But even at 20,000 feet, evil lurks closer than they realize…as do giant scarabs! It's the penultimate chapter of the year's most groovy crossover event!

Based on the action game Obey Me on PC and consoles. Locked in a millennial conflict, the forces of Heaven and Hell wage war in the Material Realm using servants and mortals as proxies. Vanessa Held is a low-ranking lesser demon serving Ammon, the Archduke of Greed. She takes part in missions to further her boss' plans while collecting the souls of those who had sold their soul to him. Join Vanessa and her Hellhound companion Monty through their assignments, becoming more powerful while taking on demons, corrupted humans and more. Welcome to the world of "Obey Me"

A wicked Mafia Don sold his soul to the devil and thought he could escape the pact. Ammon, the demon who sealed the pact is not having it, so he has sent one of his operatives to take the soul that is his property. Vanessa Held is tasked to find the target and reap his soul and for that purpose, she will be joined by Monty, a demon who committed a great sin and was punished, becoming a Hellhound, a familiar of sorts for younger demons, to serve as a mentor and guide.

Faith likes to dabble with magic. Her friends think it's cute—and not just a little off-putting, but it's part of her charm and her warped search for purpose in a world that makes too much sense. But she's a true believer and knows there is a power within her reach. She's right, of course. It just took a while for that magic, that temptation, that unknowable thing to find her . . . In short—**Faith is bored as hell. And Hell has noticed.**

The critically acclaimed ***Jim Henson's The Storyteller*** celebrates four mythic tales of sirens, inspired by folklore from around the world and told in the spirit of Jim Henson's beloved television series.

In this first issue, Polish writer **Sztybor Bartosz** teams with artist **Jakub Rebelka** *(Judas)* to reimagine the classic Polish folktale "The Fisherman and the Mermaid".

The fisherman is not happy with his life. He works all the time, struggling to make ends meet rather than spending time with his wife and their daughter. One day, while fishing, he hears a mermaid singing and the song overwhelms him with joy. He can't stop thinking about this song so he captures the mermaid and imprisons her.

BLACK HISTORY MONTH

(W) Octavia Butler, Damian Duffy
(A/CA) John Jennings

A graphic-novel adaptation of Octavia E. Butler's groundbreaking science-fiction classic offers an unflinching look at slavery, race, and the role of women in society. Butler's most celebrated, critically acclaimed work tells the story of Dana, a young black woman who is suddenly and inexplicably transported from her home in 1970s California to the pre-Civil War South. As she time-travels between worlds, one in which she is a free woman and one where she is part of her own complicated familial history on a southern plantation, she becomes frighteningly entangled in the lives of Rufus, a conflicted white slaveholder and one of Dana's own ancestors, and the many people who are enslaved by him. TAMAMO THE FOX MAIDEN: AND OTHER ASIAN STORIES GN

Recommended by Luke Martin

I have to get it out of the way early, but every time I read cautionary folktales like the ones in *Tamamo*, I'm struck by the truth that *I just wouldn't survive old folktales*.

A fable as old as time can easily be as relevant today as it was in its conception, and a truly good fable to me is one that plays humanity's greed, trust, or instincts against common sense and ingenuity. That's not all of what makes up the *Other Asian Stories* aspect of *Tamamo*, but those are the stories I find the most compelling.

Tamamo The Fox Maiden: And Other Asian Stories is exactly as it sounds, a collection of various fables and folktales originating from all over Asia, curated and adapted to comic form by a litany of talented artists and writers across twenty-one sections. It's not easy to summarize, but all share a similar theme of "cautionary tales" meant to provide the reader with some varying lessons of how not to be straight up murdered by nature/the world overall.

If I had to pick a favorite, and it is very hard as these updated stories are great overall, I'd say it's worth picking up for "The Tiger, The Brahmin, and The Jackal" alone. The short conflict between a Man-Eating tiger and the brahmin that rescued him from certain death only to be eyed as a meal has a age old lesson about sense versus expectation and is I think the most concisely convincing of the tales presented.

The art, across the board swings between cute, eerie, and gorgeous depending on the creator and if nothing else, the book is a great way to introduce people to artists they may not know as there is a lot of representative talent from a dozen publishers and independent groups contributing.

Overall, it's a light read with some fun lessons and folk tales you may have never heard and, as a human born in the west, I have a lot of old stories I need to go find! I'd wholeheartedly recommend it to anyone with even a passing interest in old folklore, or who may have a kid who just won't stop letting lying tigers out of cages!

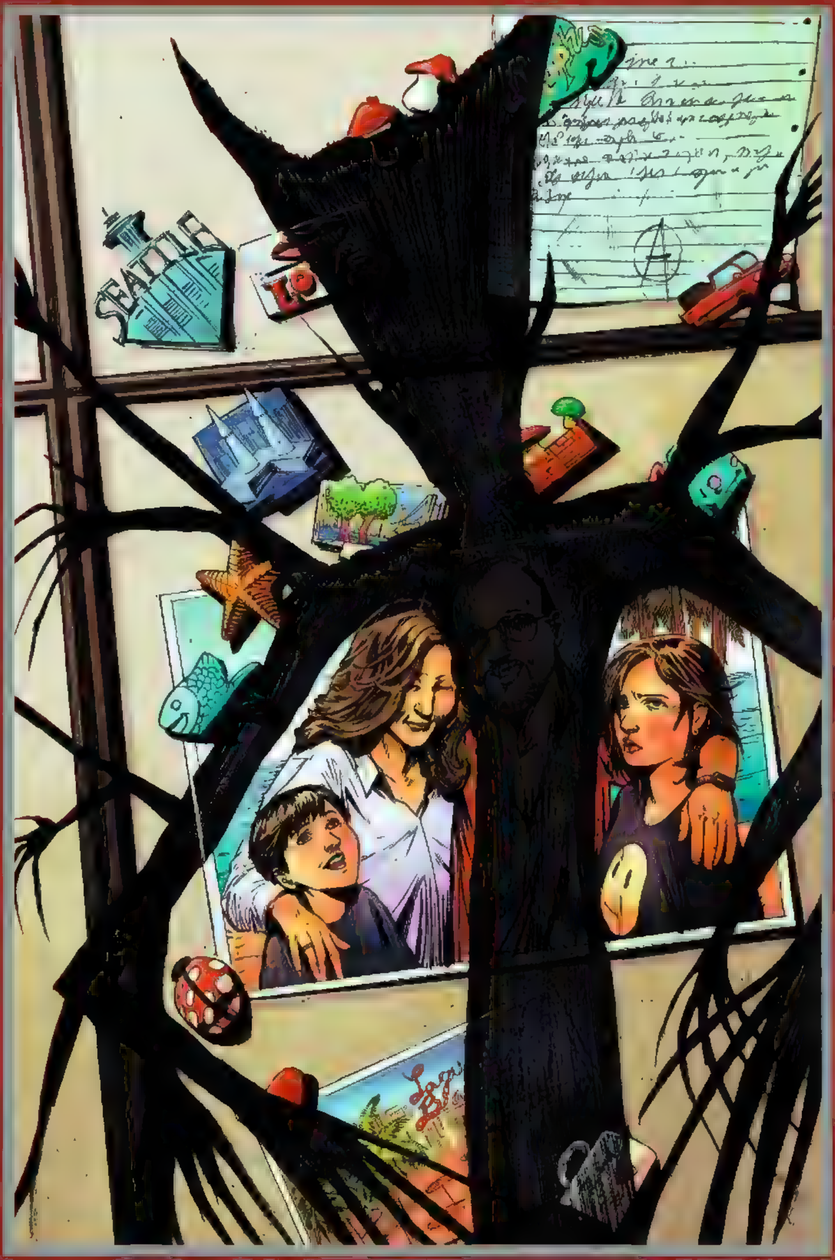
THE REPLACER

AFTERSHOCK PRESTIGE FORMAT GRAPHIC NOVELLA



The 1990's. Tragedy strikes the Beharrell family in the form of a debilitating stroke. Now the youngest child in the family is convinced his paralyzed father didn't truly fall ill but is possessed by something sinister. He believes a demon, THE REPLACER, has come to take away his jolly, agreeable, tech-obsessed Dad. But no one else seems to see the monster — and with every passing day, his father falls deeper into the clutches of evil.

Based on Zac Thompson's true story of coming to terms with a disabled parent, THE REPLACER is a complete 64-page graphic meditation on loss, tragedy and fear told through the eyes of a nine-year-old — a horror tale about learning to walk again, even if a demon has to teach you how to do it. A bizarre mashup of *IT*, *The Exorcist* and *The Diving Bell and The Butterfly*, with stunning visuals by Arjuna Susini (*Made Men*), THE REPLACER is not for the faint of heart.

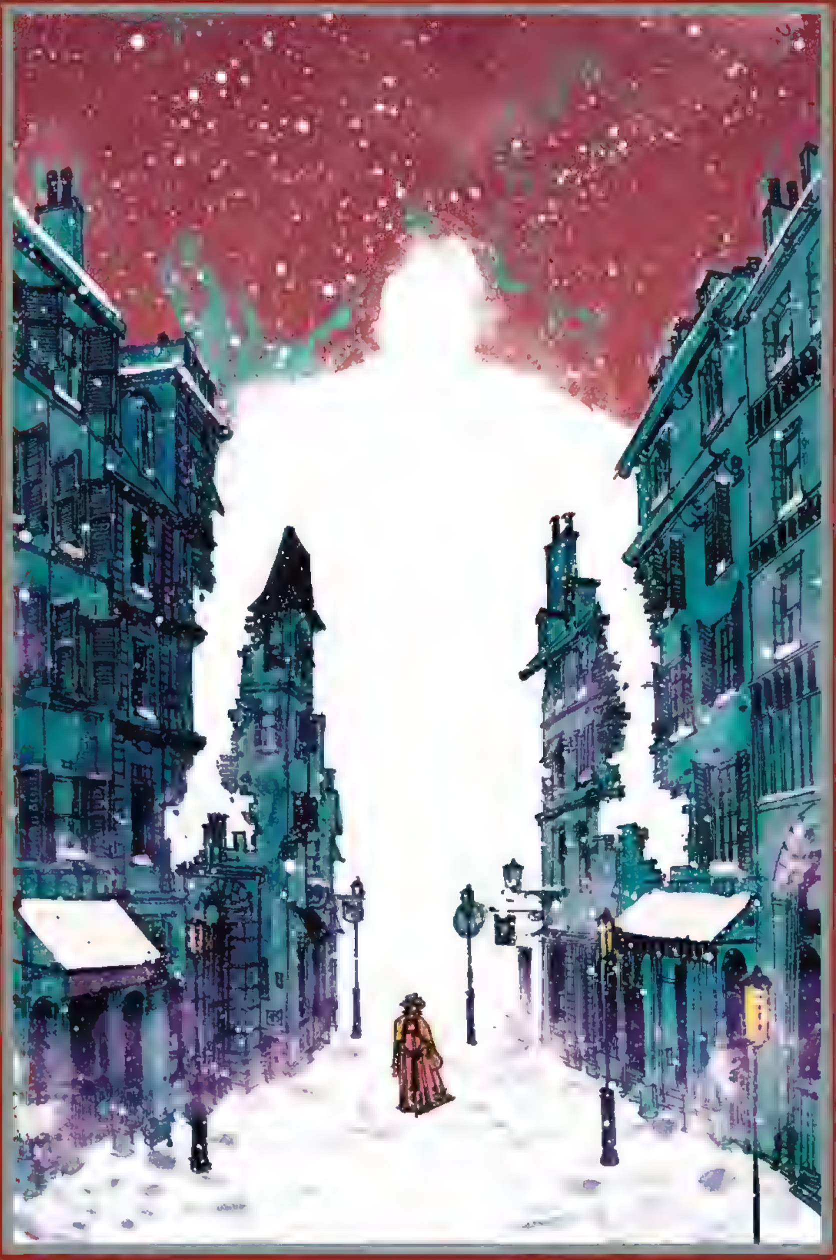
Mary Shelley MONSTER HUNTER #1



For nearly two centuries, scholars have wondered how Mary Shelley, a nineteen-year-old girl, was able to write one of the most frightening and enduring horror stories of all-time: *Frankenstein.*

But with the recent discovery of Mary Shelley's secret memoir, the truth is finally revealed. Mary Shelley didn't just write *Frankenstein*, she *lived* it. Traveling back to that historic Geneva winter of 1816, Mary, her fiancé Percy, sisters Claire and Fanny, and the celebrated poet Lord Byron, find themselves guests of the eerie Frankenstein Estate. The macabre and frightening events that follow lead Mary to both a gruesome and shocking discovery. Their mysterious host is not at all what they expected, and their intentions will change the course of Mary's life forever.

Brought to life by Adam Glass (ROUGH RIDERS, THE NORMALS, THE LOLLIPOP KIDS) and Olivia Briggs (TV's *The Arrangement*) with art by Hayden Sherman (COLD WAR, *The Few, Wasted Space*), Mary Shelley: Monster Hunter is historical fiction at its most (After)shocking!

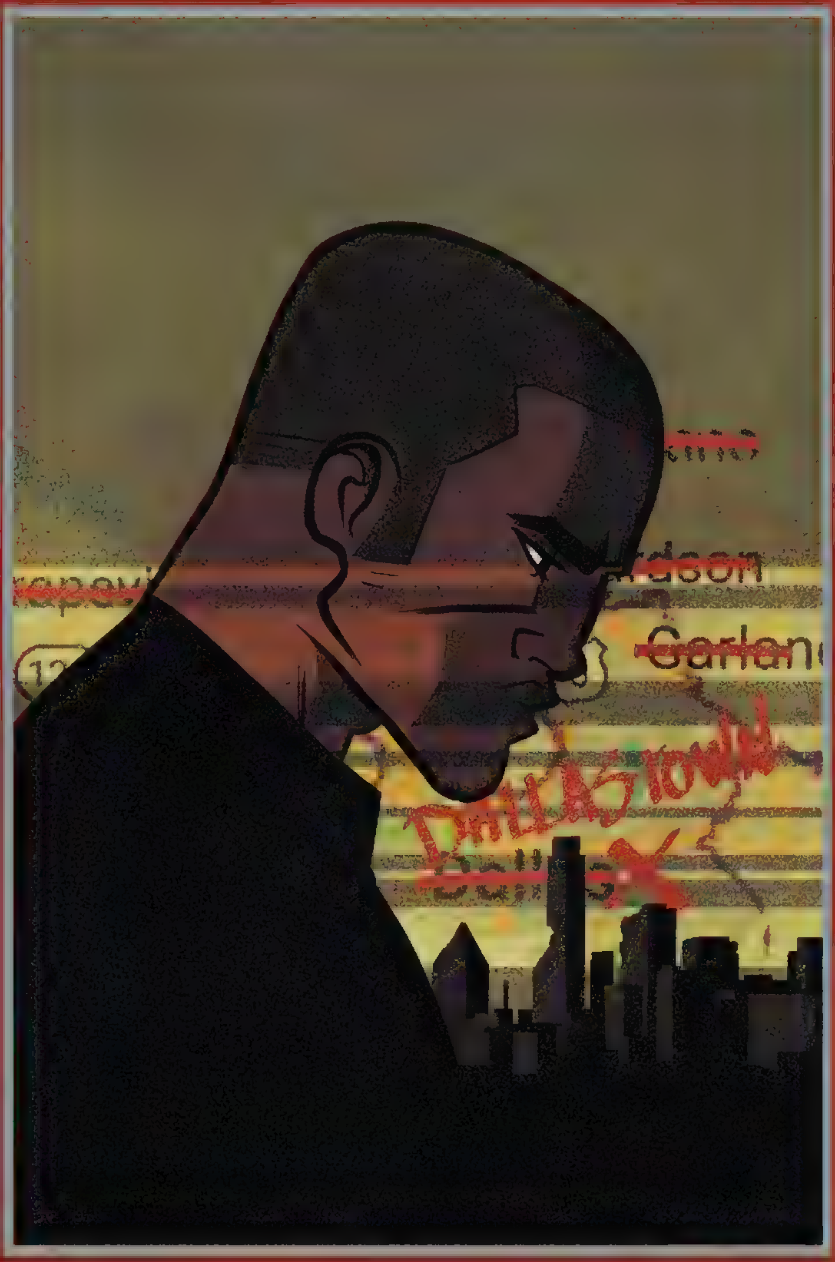
ORPHAN AGE #1



main cover

One day all the adults died, all over the world, all at the same time.

Now it's twenty years later, and the children — all grown up — are still rebuilding the world. Horses and caravans are the only thin lines connecting tiny, scattered settlements — little sparks in the great dark night. Gasoline is gone, phones long-dead, television a memory. The only power in America is the New Church, the religion of the angry children that blames the destruction of the old world on the dead adults.

In the settlement of Dallastown, a stranger comes riding in one day, telling a story of escape from the New Church's unstoppable Firemen. The Church is on the march, and the world might burn again — and the only hope might be a scared teenage girl, a gunslinger keeping his secrets, and a woman of few words and long knives. Welcome to the Orphan Age.

Written by Ted Anderson (MOTH & WHISPER, *My Little Pony*, *Adventure Time*) with art by Nuno Plati (*Alpha: Big Time*, *Marvel Girl*).

IRON MAIDEN: LEGACY OF THE BEAST VOLUME 2 #1

Recommended by Matthew Demory

Eddie is back and more things need killing!

Volume 1 of Legacy of the Beast saw Eddie traveling through time and dimensions to beat the crud out of every demon in the phone book that had a shard of his soul. They thought the soul shards would make them Eddie's superior but they all fell to his fist one by one just the same. Eddie left a trail of carnage in his wake just like Image's Spawn did on his march to kill Malebolgia in issue #100. But in the end only the battle was won, not the war.

Now, as volume 2 starts, Eddie is taking the fight into the City of Eternal Night!

If you missed out on volume 1 make sure to pick up the collected trade (*Iron Maiden: Legacy of the Beast TP*, JUL181963) and pick up volume 2 issue #1 this April!

THE COMPLETE LIFE & TIMES OF UNCLE SCROOGE VOLUME 1 HC

Recommended by Sarah Martinez

Do you know how Scrooge McDuck earned his lucky #1 dime? Do you know how he amassed his great fortune? Did you know Scrooge earned a reputation in the Klondike? Did you know Scrooge once beat the entire US Army and President Teddy Roosevelt!

Carl Barks laid the foundation, but Don Rosa spun out the legend. *The Complete Life & Times of Uncle Scrooge* two-volume set is the Holy Grail of Ducktoss, a title long out of print and never collected with all its companion "follow-up" stories, this is a DUCKTALE of Arthurian proportion. Told in chronological order for the first time and remastered by Don Rosa himself, *The Life & Times Of Scrooge McDuck* assumes its ultimate form in Fantagraphics' *Complete Life & Times of Uncle Scrooge.*

Might solve a mystery! Or re-write history! Duck tale! Woo-OOO!!

BLACK HISTORY MONTH

Baseball Hall of Famer Leroy "Satchel" Paige (1906-1982) changed the face of the game in a career that spanned five decades. Much has been written about this larger-than-life pitcher, but when it comes to Paige, fact does not easily separate from fiction. He made a point of writing his own history... and then re-writing it. A tall, lanky fireballer, he was arguably the Negro League's hardest thrower, most entertaining storyteller and greatest gate attraction. Now the Center for Cartoon Studies turns a graphic novelist's eye to Paige's story. Told from the point of view of a sharecropper, this compelling narrative follows Paige from game to game as he travels throughout the segregated South. In stark prose and powerful graphics, author and artist share the story of a sports hero, role model, consummate showman, and era-defining American. (STL113677) (C: 0-1-0)

HOT COMB GN

BLACK HISTORY MONTH

Hot Comb offers a poignant glimpse into Black women's lives and coming of age stories as seen across a crowded, ammonia-scented hair salon while ladies gossip and bond over the burn. The titular story is about a young girl's first perm-a doomed ploy to look cool and to stop seeming "too white" in the all-black neighborhood her family has just moved to. Realizations about race, class, and the imperfections of identity swirl through Flowers' stories, which are by turns sweet, insightful, and heartbreaking. (STL114404)

Don't take the title as a metaphor: it really *is* the worst book ever. Governor General Literary Award winning children's book author and illustrator Elise Gravel takes readers on an unexpected journey through the world's most boring book. Yellow Yellow is a charmingly simple story of a child whose playground is a gritty urban cityscape. With no parent in sight, the boy wanders the sidewalks to find a yellow construction hat which quickly becomes his favorite belonging; earning him many compliments from strangers on nearby stoops. Eventually the boy meets the owner of the hat and must return it, leading the child to make his own yellow hat. (W/A/CA) Geneviève Castrée

A Bubble is the stunning board book drawn by Geneviève Castrée near the end of her life as a final gift for her two-year-old daughter. Using precise, exquisite drawings of herself and her daughter, changes in their daily routines are depicted as a greater story unfolds. Castrée and her daughter float from page to page, encased in a bubble that protects them from the outside world. A contemplation of love and loss, *A Bubble* is a lasting declaration, a final memory, a comfort for others experiencing grief, and a beautiful archive of one of the world's most talented cartoonist's great artistic achievements. FIRE!: THE ZORA NEALE HURSTON STORY HC

(W/A/CA) Peter Bagge

Peter Bagge's biography of Zora Neale Hurston is bold and dazzling, a story as brilliant as the life itself. Hurston challenged the norms of what was expected of an African American woman in early 20th century society. She arrived in NYC at the height of the Harlem Renaissance, surrounded by peers such as Langston Hughes and Wallace Thurman. Hurston went on to become a noted folklorist and critically acclaimed novelist, including her most provocative work *Their Eyes Were Watching God*. With admiration and respect, Bagge reconstructs her vivid life in resounding full-color. (STL032546)

DOLL

By Guy Colwell

SC / 276 pgs / BW / 7.75" ×10.25"

Doll is celebrated cartoonist Guy Colwell's (*Inner City Romance*) darkly satirical take on patriarchal ownership, dehumanization, and sexual objectification. When an artist crafts a lifelike sex doll for a disfigured, middle-aged virgin, it soon takes on a lurid life of its own. Like an erotic Frankenstein's monster, the mannequin brings out the basest instincts in each person it crosses paths with.

OUTDOORS

By Yuichi Yokoyama

$22.50 / SC / 128 pgs / BW / 5.7" × 8.25"

Yokoyama Yuichi, critically acclaimed for his gekiga ('dramatic pictures') comics further pushes the boundaries of what comics can do with *Outdoors*. The acclaimed artist has a clear fixation with sound and time and an unbelievable eye for bringing such abstract concepts to life in panel form. Yokoyama uncannily shows the passing of time, suggesting that we should simply see things without labelling them. If he were a musician, he would be John Cage.

Windowpane is Joe Kessler's 'one-man-anthology' of short-narrative, experimental comics. This beautiful edition is the perfect backdrop for Kessler's quietly disconcerting, hallucinogenic work. AFTER MAN: A ZOOLOGY OF THE FUTURE

By Dougal Dixon

$34.99 / HC / 128 pgs / FC / 9.25" x 10.8"

First published in 1981, After Man is paleontologist Dougal Dixon's vision of an 'alternative evolution': one without mankind. In the foreword for this edition, he notes, "the book was about the natural forces of evolution, and man … had too much of an influence …. With the removal of this interference I was able to let nature get back to work". While some of the creatures seem fantastical, others don't seem so very far-fetched. Dixon: "There are now the walking bats of New Zealand … (and) then there are the snakes in Mexico that live in caves and snatch flying bats out of the air, just like 'The Anchorwhip'".

CANNABIS
THE ILLEGALIZATION OF WEED IN AMERICA

CANNABIS: THE ILLEGALIZATION OF WEED IN AMERICA HC

(W/A/CA) Box Brown

From the nineteenth century to the twenty-first, cannabis legislation in America and racism have been inextricably linked. In 1518 Cortés introduces hemp farming during his violent colonial campaign in Mexico. In secret, locals begin cultivating the plant for consumption. It eventually makes its way to the United States through the immigrant labor force. It doesn't take American lawmakers long to decry cannabis as the vice of "inferior races" and spread lies about the dangers of cannabis. As a result, the plant is given a schedule I classification, alongside heroin. Box Brown delves deep into this complex and troubling history and offers a rich, entertaining, and thoroughly researched graphic essay on the racist legacy of cannabis legislation in America. Following the road through the Mohaine Desert, Roland continues his epic search for the elusive Man in Black. Instead, he finds Tull, the last stop of civilization. A town of devil grass, desert sand, and despair...full of nothing, especially mercy. It may seem Tull is on the very edge of the world, with little past the horizon but a steep fall to oblivion. But Roland believes otherwise... that beyond the limits of Tull lies a hidden truth that means everything to the fate of Mid-World. The Man in Black holds the key to that mystery, and Roland is going to keep following him, even through a deadly trap set here in this town, to unlock it. (STL112968) (C: 0-1-0)

Comic Book Marketplace

A Collector's Appreciation for Free Comic Book Day

On this page we tend to focus on the back issue market, and there have been some truly amazing results in the past year as key, high grade, vintage comic books continue to attract significant attention (Hertiage Auctions, ComicConnect, ComicLink, Hake's Auctions, and Pedigree, among others, have all reported incredible results).

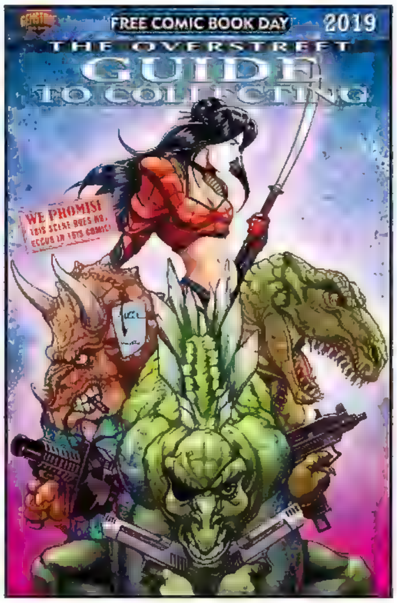
That said, May 4, 2019, will bring this year's Free Comic Book Day (FCBD), an annual event that has turned into a celebration of all things comics.

Even though most of the attention that day goes to new comics, we've been happy to participate in FCBD since *The Overstreet Comic Book Price Guide* and many of our other books also share that focus on this wonderful medium. Of course we agree that there are many comics to which deserve extra attention!

For this year's FCBD, comic shop retailers chose 53 titles overall to be available on Free Comic Book Day: 12 Gold Sponsor comics, 39 Silver Sponsor comics, and two Educational Support Materials, including *The Overstreet Guide To Collecting*. Make sure your retailer knows you want a copy!

Comic book retailer Joe Field, proprietor of Flying Colors Comics, a recipient of the Will Eisner Spirit of Comics Award for Comics Specialty Retailing Excellence and a founder of WonderCon, has been widely acknowledged as a driving force behind the formation of Free Comic Book Day.

"I used to write a monthly column for the comic industry's trade magazine. In one of my columns I proposed doing something similar to Baskin Robbins 'Free Scoop Night' (these days, it's now '31¢ Scoop Night'). I had the foresight to ask for comments from Diamond Comic Distributors since I was essentially asking them to serve as coordinators for the event. Their response was very positive, so things took off from there," he told *Scoop* in an interview a few years back.



"FCBD puts comics and comic shops into the public consciousness in substantial ways. Besides the tie-in to movies, there's a huge out-pouring of support from the education community. Many libraries participate in conjunction with local comic shops and many teachers at all levels from elementary school through college give students extra credit for attending FCBD events and then reporting on the comics and the scene," he said.

The social acceptance of comics is at an all-time high, but there's still more to do. So make sure you bring a new reader or two to your local participating comic shop on May 4 (and don't forget to ask for your copy of *The Overstreet Guide To Collecting*)!

CBPG #49 Ad Deadline Approaching

The *Overstreet Comic Book Price Guide* #49, which will go on sale Wednesday, July 17, 2019, is now accepting ads.

Since 1970, the *Guide* has been the Bible of serious comic book collectors and dealers alike. Along the way, we have seen the top prices paid for comics go from hundreds of dollars to millions.

During that time comic collecting has gone from a quiet hobby to one with huge pop culture impact. With its proverbial Who's Who of cover artists – starting with Joe Kubert, Will Eisner, and Carl Barks, and including the likes of Mark Chiarello, Darwyn Cooke, Amanda Conner, Walter Simonson, and Joe Jusko – the *Guide* has been there for all of it.

Shouldn't you be a part of it?

To make your ad reservation or payment, contact Carrie Wood, Assistant Editor, at wcarrie@gemstonepub.com or (443) 318-8468.

The deadline for ad reservations is **March 29, 2019.**

Known for: The first appearance of the Blue Beetle - though it also contained the first appearance of such characters as The Green Mask, Rex Dexter, Lt. Drake, and more.

Did You Know?: The original Blue Beetle was Dan Garret, who was the son of a police officer who had been killed in action. Garret first began fighting crime without any sort of superhuman powers, but would later gain a bulletproof costume. This Golden Age Blue Beetle had a lot of similarities to the Green Hornet of the same era, leaving his signature scarab symbol behind and sporting a similarly-styled outfit. You can learn more about the Blue Beetle in *CBPG* #49!

A satirical autobiography about a young Frenchman and his hilarious, yet poignant, adventures in the heart of the Middle East. It's 2005. Nicolas Wild is a French cartoonist. He's broke and about to be homeless. He's a man without a plan. That is until destiny shows up in his inbox: a paid job... In Afghanistan! In his graphic *Travelogue* series, Nicolas Wild brilliantly explores the differences between the Afghan cultures around him and his own, as he and his fellow expat friends crash Asura celebrations, avoid the afterlife and muse on the differences between Christian Easter egg hunts and Islamic penance. THE COMPLETE LIFE & TIMES OF UNCLE SCROOGE VOLUME 1 HC

Recommended by Sarah Martinez

Do you know how Scrooge McDuck earned his lucky #1 dime? Do you know how he amassed his great fortune? Did you know Scrooge earned a reputation in the Klondike? Did you know Scrooge once beat the entire US Army and President Teddy Roosevelt?

Carl Barks laid the foundation, but Don Rosa spun out the legend. *The Complete Life & Times of Uncle Scrooge* two-volume set is the Holy Grail of Duck lore, a title long out of print and never collected with all its companion "follow-up" stories. This is a DUCKTALE of Arthurian proportion. Told in chronological order for the first time and remastered by Don Rosa himself, *The Life & Times Of Scrooge McDuck* assumes its ultimate form in Fantagraphics' *Complete Life & Times of Uncle Scrooge.*

COMICS FOR EVERYONE:

LION FORGE CEO DAVID STEWARD II INTERVIEW

Lion Forge is a trans-media studio with a focus on comics publishing across all age groups. As a company committed to "Comics for Everyone," they strive to publish titles that reflect the diversity of the world in the characters, the creators, and the Lion Forge team, and to create content that is just as original.

Leading this "Comics for Everyone" publishing house is co-founder and CEO David Steward II. Since its creation in St. Louis, Missouri in 2011, Lion Forge has created a wide range of original and licensed titles, as well as a wealth of graphic novels and original stories for readers of all ages. David took a break from his busy scheduled to talk to us at length about Lion Forge—where they came from, what they've accomplished, and where they're going in 2019 and beyond...

PREVIEWS: *In a crowded market, Lion Forge emerged as a self-proclaimed "mission-driven" publishing company. Can you tell us what that means to you?*

DAVID STEWARD: When we formed Lion Forge back in 2011, it was around the concept of "Comics for Everyone," which we in turn adopted as our motto. It describes everything we are as a company. Our goal is ultimately is to have anyone in the world come to our catalogue and find something that reflects both their interests and life experience. In order to do that, you naturally have to not only publish a diverse range of content, but also ensure that a promise of diversity is backed up by accurate portrayals and representation. This has lead us to working with a whole array of creators from various backgrounds, as we want to make sure that inclusivity means embracing anyone and everyone interested in comics.

P: *Lion Forge is based in St. Louis, far from the comics publishing meccas of Los Angeles, New York and Portland. Does Lion Forge feel that location is an important part of the company's identity? How is Lion Forge involved in the St. Louis community?*

DS: In a way I think our location is central to how we do things at Lion Forge. There's a certain set of "midwestern values" I believe our organization embodies which goes into how we treat and work with people from our creators to our staff. I think it also goes to how we position ourselves in the community locally and in the broader publishing community. There are several charitable pursuits we engage in on a regular basis here in town, including working with the St. Louis ARC, which works to provide a lifetime of high-quality services, family support, and advocacy to people with intellectual and developmental disabilities. We have helped to develop their yearly "Superheroes for Kids" event, in support of their children's programs. Beyond the St. Louis area, we worked with the Book Industry Charitable Foundation to set up a fund to help comic book shop owners and their employees financially in the wake of Hurricane Harvey, which still exists for those in need. This kind of work stems from those values.

We also have a certain vantage point being here in that we get a good feel on what the whole of America thinks. In a place like New York or Los Angeles, you can get caught up in a creative bubble of sorts which can make creating projects that are successful across the country difficult. Additionally, while we're always keeping close watch on what our peers in publishing are doing, we have consciously forged our own path apart from that influence. Our innovation in publishing — and comics specifically — is driven by us alone, both creatively and operationally.

P: *When Lion Forge first arrived in 2013, your publishing strategy was to go after the digital comics market, eventually moving into print through a partnership with IDW. What did you learn from these experiences that inform how you run the company today, tomorrow, and beyond?*

DS: When we entered the marketplace, digital comics were growing so fast they looked as if they were going to be a major way of how we consume comic content. Our strategy at the time of forming our company was to publish content digitally

ORPHANS
VOLUME TWO
The Gospel According to EMMA
HAPHAVEN
GANG OF FOOLS
JAMES OTIS SMITH
VOLTRON
SUPERB

first and use that as a way to see what fans were responding to. We hoped to then use that information to fine-tune what we'd ultimately publish in print. Given our industry's lack of data and analytics, I still believe it could have been a good strategy, but the market shifted, and we had to change to conform to it. This shift in focus has provided us a chance to challenge ourselves to build an infrastructure that allows us to ignore some of the aspects of direct market publishing cycle that have become antiquated with advances in technology, the ever-evolving needs of the market, and the speed in which the way we communicate shifts and evolves.

P: *When Lion Forge first moved into print comics through various nostalgic licenses, one of the first direct market successes for Lion Forge was the Voltron: Legendary Defender comic book series. Were you personally a fan of the series and/or toys growing up? Can you tell us about the St Louis connection, and how this came to be at Lion Forge?*

DS: Absolutely! This was my favorite cartoon as a kid growing up. A lot of folks don't know this bit of history, but while Voltron originally appeared in Japan (as *Beast King GoLion* and *Armored Fleet Dairugger XV*), the American version was conceived and developed by World Events, a St. Louis company which still owns Voltron today. We had been wanting to work on it since we started the company, but after missing a critical window to obtain the license we had to wait until this current version came along through Dreamworks. For me, being able to work on this was one of my "dreams come true" as a publisher, and a bit of personal civic pride to bring it back to creatively to St. Louis.

One additional fact that people may not know is that while we were waiting on Voltron to become available, we worked on a lesser known World Events property call *Saber Rider and the Star Sheriffs*, which we published in 2016, written by Mairghread Scott.

P: *The idea of characters of color is certainly not a new one, going back to the Silver Age in some cases. Milestone Comics was the first publisher to notably make an impact on the market, with some of these characters having seen a recent return through DC. What was it that you set out to achieve in developing your own superhero universe?*

DS: Inclusivity is in our DNA, and central to our mantra of "Comics for Everyone." So naturally when we created a superhero universe, it would reflect that idea in its makeup. We gave this world and its characters an origin that would present the opportunity for anyone to have received powers, just as it would occur in the real world, regardless of ability, ethnic background, sexual preference, or gender identity. Our universe is more grounded and doesn't follow the traditional tropes that our competitors do.

For instance, in our world when a character dies, that character is *dead*. They're not coming back once they're gone, regardless of their prominence in the previous storylines or line overall. Another unique thing you'll see over time is that this universe is intended to grow and evolve with our readers. If you're a fan of *Superb*, you'll see Jonah and Kayla age from teenagers to adults and, as a result, always be tackling new problems as the world around them not only changes, but as they change as people. This is actually something we feel hasn't been done in superhero comics before in a meaningful way, as many of the most well-known characters were first introduced as adults, with multiple origins or backstories presented after the fact.

P: *The publishing mantra of Lion Forge seems to be pretty weighted toward graphic novels as time goes on. What drives that decision making, and what about that format appeals to you? With that said, what does Lion Forge hope to achieve with its monthly serialized offerings?*

DS: When it comes to format, it's about how the form and function of the format meets the content one is trying to produce. Our decision making really comes down to a couple of questions: *"Does the story lend itself to serialization?"* or *"Does it need to be read in one standalone graphic novel?"* Graphic novels offer us a lot of interesting ways to showcase content, whether it be size, covers, etc. What has been referred as "trade waiters" in our industry have proved a test case for the entire entertainment industry at large. "Binge-watching" series has become the norm, with streaming platforms catering to that idea with their release of original content. While graphic novels present greater upfront risk for retailers, they also present more upside in profit as well, and allow for the longer shelf-life of a product.

All of that aside, we do understand that serialized comics are a necessary part of the business. These are specialty products for a specialty market, which has the competitive edge of being the only place this format can be found. We

are committed to publishing content that works in this format for the audience that prefers to read this way. Serialized comics are unique in that they provide both fans and retailers a lower barrier to entry; a great way for readers to try something new, and retailers to find the right customers for a series, character, or even publisher that has no existing sales record.

P: *Let's talk about the comics publishing landscape at large. There are arguably more comic book publishers in the market than we have seen in decades, with less stores than there were 20 years ago. What can Lion Forge do to help retailers to make the best decisions for their stores and their customers?*

DS: For one, we must keep making the best books we can. If we are out here selling books that are an easy pass, then there is no real way to help comic shops make good decisions with them. We have created lots of books in our short time as a full-service publisher that have not only won multiple awards, but also have made it onto multiple "best of" lists in the year they were published. The funny thing is that a lot of those books still haven't found the potential of their audience yet.

We plan to continue creating books of such high-quality, as well as extending our reach to a more local level by providing comic shops more of the information they need in the proper window to help them identify the right customers in their store... as no one knows their customers better than they do. We want to give retailers what they need to know to sell our books knowledgably. As a person who has worked in retail myself, I understand how much better you can sell products you understand yourself. For that reason, we have taken all our direct market-focused marketing efforts and funneled them into what we are calling our "Helping Hand" program.

The Helping Hand program is a direct market-focused retail program that streamlines communication between us as publisher and comic shops, with advance reader copies made available to shop owners and managers so they can read our books in the initial order window. We are also creating in-store marketing material to help start the chatter in stores and create opportunities for Lion Forge employees and creators to come to their shops and throw events focused around growing the comics community in their area. Look for the Helping Hand logo in the Lion Forge section of the ***PREVIEWS*** catalog. We want to work to reduce the risk for the retailers as much as possible with publishing strategies like returnability or additional discounts on select titles across the year, in hopes that this will help them to increase the profits they make on our books. We have lots of great books coming out in 2019 and we want to take that extra step to ensure that we don't just make comics for everyone, but also comics that can be found everywhere.

P: *Lion Forge has been a market leader in age segmentation, with dedicated imprints across your publishing line. Why do you think it is important to do this?*

DS: Since we are an inclusive publisher, we want to make sure that at all points, fans can find the books that they'd be most interested in seeing. Instead of looking at our entire catalogue, they're able to segment things by imprint to help to narrow down their selection process. This is a great way as well for parents, librarians, and educators find things for kids, whether they be middle-grade, young adults, or early readers.

Additionally, with our own characters in the *Catalyst Prime* lineup, we are able to build characters and stories from the ground up to target a young adult readership. We have had a great response to both our *Superb* and *Quincredible* titles, both of which were created and written to appeal to readers who will age in tandem alongside these characters who were introduced as teenagers. These characters can find that audience in an organic way, as opposed to retrofitting existing heroes to chase a market that is clearly hungry for content.

I feel this is one way that we've been a leader in the market, and now we're seeing other comic book publishers like DC follow suit with their recent imprints.

P: *Many comic book publishers are making a play in Hollywood to develop either company IP, or original series in partnership with their creators. Is Lion Forge actively looking to develop anything for film or television?*

DS: We're always looking for ways to get word out about some the great content we're producing. One way is being able to turn some of the comics we make into television programs and theatrical films. It has the broadest reach to the public and it also drives more people to the source materials, the comics themselves. We do have quite a few things in the works at the moment, and 2019 will definitely be a year of great announcements and surprises. *Stay tuned!*

P: *Any closing thoughts?*

DS: We know the direct market is a challenging business. There are arguably more publishers than there are dollars to spend at both the retailer and consumer level. We also know that in the last 15 to 20 years, comic shops have been left behind in some of the biggest successes in graphic literature, published by imprints from the bigger houses, or by companies whose focus lies in the book market, with the direct market as a secondary concern. We are a company made up of fans and comic book industry veterans, who are committed to breaking new talent from around the world for parents and children alike; both those who shop in your stores today, and those who we will work to bring in your doors tomorrow. You have already helped us get us to where we are today, and we are committed to taking you with us where we are going.

HELPING HAND PROGRAM

WRITTEN BY **BEN FISHER AND EMILY S. WHITTEN,** ILLUSTRATED BY **MICHELLE NGUYEN**

The Underfoot's history has long been told. The Giants-That-Were conducted strange experiments on their ancestors, granting the hamster species the gifts of intelligence and self-awareness. The Giants have since disappeared, but their return is imminent. Until then, the fight between intelligent species is on, and it's up to the valiant Hamster Aquatic Mercenaries—H.A.M.—to keep their horde alive.

LETTER FROM THE CREATORS

Welcome to the world of *The Underfoot*–a strange realm left behind by the Giants-That-Were. Although countless species have evolved in the Giants' absence, each with their own unique social structures and beliefs, it will fall upon the valiant Hamster Aquatic Mercenaries to preserve the Earth's future in their tiny paws.

Drawing its inspiration from timeless classics such as *Mrs. Frisby and the Rats of NIMH*, *The Lord of the Rings*, and *Watership Down*, then blended with the epic adventures delivered each Saturday morning on shows like *G.I. Joe* and *Teenage Mutant Ninja Turtles*, *The Underfoot: The Mighty Deep* begins a sprawling opus both epic in scope and very, very small in scale.

We can't wait to share this journey with you, as we explore the strange, yet familiar, societies that have arisen since the Long Rain washed the Giants-That-Were away to their great Wet City. Join the Underfoot as they unravel the strange truth about their history and unveil a future that holds excitement and danger beyond their wildest imaginations.

–Ben Fisher, Emily S. Whitten, Michelle Nguyen

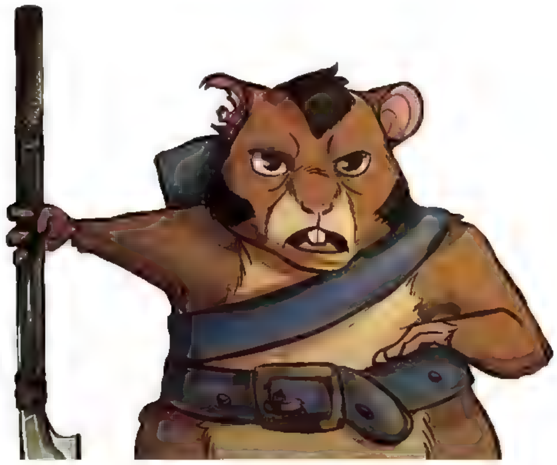
HAP

Hap is the fearless team leader of the Hamster Aquatic Mercenaries (H.A.M.). He's been through mission after mission leading H.A.M. to aid their fellow allies. A tough commander, Hap takes his responsibility for the hamsters of his burrow seriously. When H.A.M. is tasked with a mission to save their badger allies from dangerous flooding, Hap assembles his troops and plots a course through the Great Wide, facing whatever challenges lurk above or below the tiny hamster's feet.



RUBY

Ruby is a future H.A.M. trainee. But she's the smallest of the hamster pups, and the odds are stacked against her. Only the best of the best can achieve the coveted H.A.M. status, and all the hamster pups will compete for their chance at bringing glory and prestige to The Underfoot. Ruby might be a bit shy and not the greatest swimmer, but will her heart and precision be enough to get her on H.A.M.'s team?

1937. In the chaos of the invasion of Shanghai by Japanese troops, a well-bred little girl is separated from her parents and is left alone but for the help of a boy from the streets. Together, these unlikely and opposite children set off to find her parents and survive adventures across war-torn China.

MORE ABOUT THE BALLAD OF YAYA

Yaya is a journey of initiation in the heart of China at the end of the 1930s, but it is also an inner journey, one of emotions and sensations. The landscapes the heroine travels through mirror her deepest nature as well as her changing character.

The story opens in a historically realistic setting, the Sino-Japanese war in Shanghai in 1937. The conflict serves as a background, sometimes distant, sometimes revealed, with the narrative pattern superimposed upon it.

The bleakness and destruction of war are not the main theme of the comic, but provide a setting for the characters who undergo personal transformation as the story unfolds.

The story begins in Yaya's house, home to a wealthy family living in the French Concession at the time. The girl's room is sumptuously decorated, a kind of candy box in creamy pinks and orange, showing an easy life, a spoiled child, innocence, a dreamy and headstrong nature luxuriating in comfort.

In contrast, Tuduo the street urchin lives in a hovel made of planks of wood cobbled together, a dark and dismal room barely lit by a single kerosene lamp. In its brackish green glow, the coarseness of poverty is only dimly revealed. These opposite universes establish the two characters from the outset, even before they embark on their great southward adventure, where every step forward is a new discovery.

SANJULIAN: MASTER OF FANTASY ART SC

Recommended by Steven Leal

To be able to set a mood and tell a story in a single illustration is a gift, and few in the comics industry have that ability. Those grounded in science fiction and fantasy seemed to have that ability from Virgil Finlay, Hannes Bok to Frank Kelly Freas and Frank Frazetta. In comics there is Neal Adams, Mike Kaluta, and Bernie Wrighton.

The covers to the Warren magazines of that era compelled you to buy their issues with great cover art by artist like Frazetta, Ken Kelley, and an occasional piece by Tom Sutton, but the preeminent cover art became SanJulian.

Written by Manuel Auad who also produces excellent books on artist, *Sanjulian: Master of Fantasy Art* from Big Wow Art is a wonderful collection of this underappreciated artist and the first comprehensive book on his art since 1984. This book features art from his initial drawings to his recent commissions in full color with a forward by acclaimed painter, Joe Jusko.

If you are like me and enjoy art books features fantasy and science fiction artist then this will be a great addition to your library. I can see it right next to *Satan's Tears* and *A Look Back*.

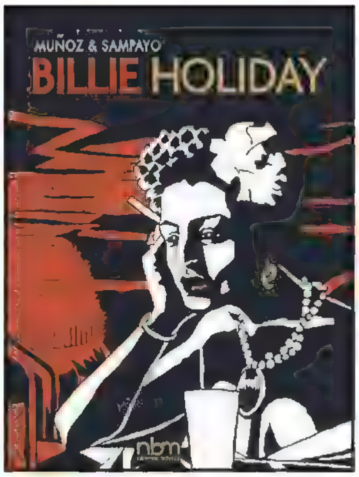
BILLIE HOLIDAY HC

(W/A/CA) Jose Munoz, Carlos Sampayo



MUÑOZ & SAMPAYO
BILLIE HOLIDAY
nbm

Born in Baltimore in 1915, and dead too early in New York in 1959, Billie Holiday became a legendary jazz singer, even mythical. With her voice even now managing to touch so many people, we follow a reporter on the trail of the artist on behalf of a New York daily. Beyond the public scandals that marred the life of the star (alcohol, drugs, violence...), he seeks to restore the truth, revisiting the memory of Billie. Through this investigation, Muñoz and Sampayo trace, through the undertones of racism, and in the wake of the blues, the slow drift of a singer who expressed the deepest emotions in jazz, creating not just a biography but a spell-binding art book tribute. THE YEAR OF LOVING DANGEROUSLY
A GRAPHIC NOVEL
BY TED RALL & PABLO G. CALLEJO
Dumped, fired, arrested, expelled and evicted—Ted Rall lost everything in the summer of 1984. Survival meant breaking all the rules.

THE YEAR OF LOVING DANGEROUSLY GN

(W) Ted Rall (A) Pablo Callejo

It's New York City in the 1980s and Ted Rall is in college. Everything is fine before his pranks, lack of focus and restlessness get him expelled. Unable to find a job and rejected by his parents, he considers suicide. By happenstance he finds comfort in the arms of many women as he bed-hops around the five boroughs. It's better than homelessness, but the psychic toll of selling himself and his affection was higher than he imagined. Both acidly funny and brutally honest, Rall, a cartoonist both beloved and reviled for his edgy politics, pours out his guts in this remembrance of this most difficult chapter in his life. OFFERED AGAIN

O/A SILK ROAD TO RUIN GN

(W/A/CA) Ted Rall

Part graphic novel travelog, part tongue-in-cheek travel guide, here are the adventures of caustic cartoonist Rall in the wild and wooly central Asian countries, a powder keg sitting on tomorrow's oil... Combines articles with comics chapters relating his experiences retracing the old legendary Silk Road starting with the sublime history of China and ending in the absurdity of the petty dictatorships of the "The 'Stans" where Rall had the temerity to go back, including once with a group of listeners to his radio show, on a dare. It's exotic adventure, satire and a fun way to find out more about a part of the world that looms in importance with its immense reserves of oil. (STK633350)

TO AFGHANISTAN AND BACK

(W/A/CA) Ted Rall

When U.S. bombs started raining on the Taliban, Ted Rall didn't just watch it on TV; he jumped on a plane straight to the war zone to get the real story for himself. But the only cartoonist to go to Afghanistan got more than he bargained for. Within days of arriving, armed men were hunting down journalists to murder and rob them. You can count on Rall for a decidedly different take on this gritty war. (STK449301)

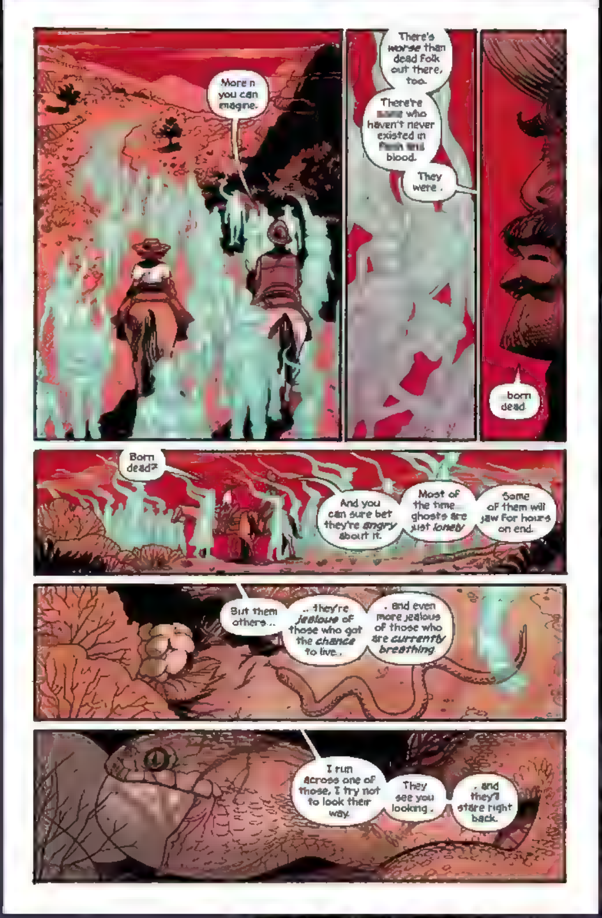
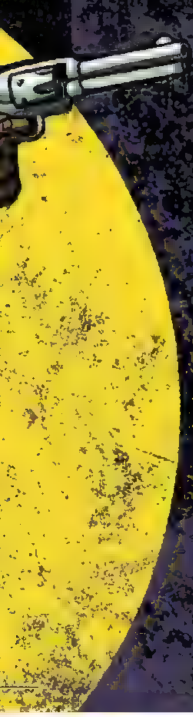
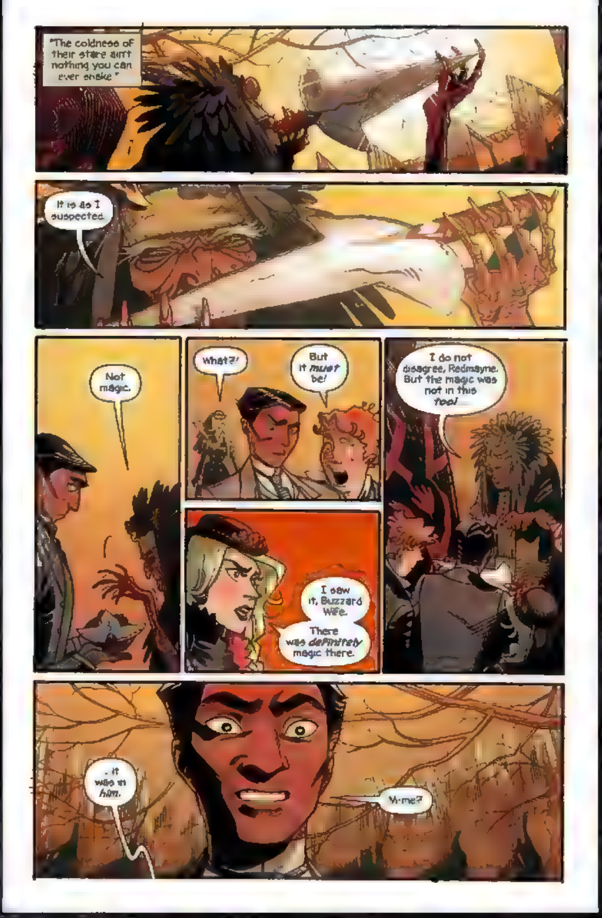
"... nor about this world."
What *about* you?
What about me?
Have you *always* been able to see ghosts?
Not always
But now?
Do you see them everywhere?
I mean. I know how *violent* this world is... how *cruel*.
They're *everywhere*, ain't they?
Dead Folks?

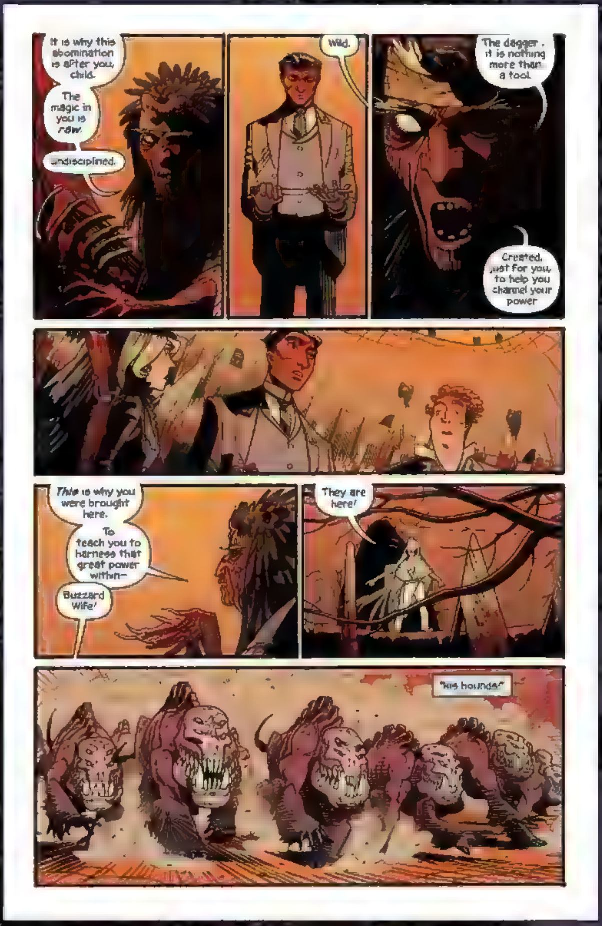


More'n you can imagine.
There's *worse* than dead folk out there, too.
There're [illegible] who haven't never existed in [illegible] blood.
They were...
...born dead.
Born dead?
And you can sure bet they're *angry* about it.
Most of the time ghosts are just *lonely*.
Some of them will jaw for hours on end.
But them others...
...they're *jealous* of those who got the *chance* to live...
...and even more jealous of those who are *currently breathing*.
I run across one of those, I try not to look their way.
They see you looking...
...and they'll stare right back.





"The coldness of their stare ain't nothing you can ever shake."
It is as I suspected.
Not magic.
What?!
But it *must* be!
I do not disagree, Redmayne. But the magic was not in this *tool*...
I saw it, Buzzard Wife.
There was *definitely* magic there.
...it was in *him*.
M-me?



It is why this abomination is after you, child.
The magic in you is *raw*.
...undisciplined.
Wild.
The dagger... it is nothing more than a tool.
Created, just for you, to help you channel your power.
This is why you were brought here.
To teach you to harness that great power within—
Buzzard Wife!
They are here!

THE ADVENTURES OF ALEXANDER VON HUMBOLDT HC

(W) Andrea Wulf (A) Lillian Melcher

Alexander von Humboldt (1769-1859) was an intrepid explorer and the most famous scientist of his age. His restless life was packed with adventure and discovery, but his most revolutionary idea was a radical vision of nature as a complex and interconnected global force that does not exist for the use of humankind alone. His theories and ideas were profoundly influenced by a five-year exploration of South America. This graphic novel brings his daring expedition to life, complete with excerpts from Humboldt's own diaries, atlases, and publications, offering a portrait of the man who predicted human-induced climate change and fashioned poetic narrative out of scientific observation. THE GOLDEN AGE OF SCIENCE FICTION: A JOURNEY INTO SPACE WITH 1950S RADIO, TV, FILMS, COMICS, AND BOOKS HC

(W) John Wade
John Wade grew up in the 1950s, a decade that has since been dubbed the "golden age of science fiction." For him, the super-accuracy and amazing technical quality of today's science fiction films pale into insignificance beside the radio, early TV and B-picture films about people who built rockets in their back gardens and flew them to lost planets, or tales of aliens who wanted to take over, if not our entire world, then at least our bodies. This book is a personal account of John Wade's fascination with the genre across all the entertainment media in which it appeared, the sort of stuff he reveled in as a young boy, and still enjoys today. WILLIAM SHAKESPEARE'S GET THEE BACK TO FUTURE HC

(W) ian Doescher (A/CA) Nicolas Delort

In Robert Zemeckis and Bob Gale's *Back to the Future*, teenaged Marty McFly travels back in time from the 1980s to the 1950s, changing the path of his parents' destiny as well as his own. Now fans of the movie can journey back even further, all the way back to the 16th century when the Bard of Avon unveils his latest masterpiece at the Globe: *William Shakespeare's Get Thee Back to the Future!* Every scene and line of dialogue from the hit movie is re-created with authentic Shakespearean rhyme, meter, and stage directions. By the time you've finished reading, you'll be convinced that Shakespeare had a time-traveling DeLorean of his own, speeding to our era so he could pen this time-tossed tale. (STL113620) (C: 0-1-0)

WILLIAM SHAKESPEARE'S MUCH ADO ABOUT MEAN GIRLS HC

(W) ian Doescher
(A/CA) Nicolas Delort

Power struggles. Bitter rivalries. Jealousy. Betrayals. Star-crossed lovers. When you consider all these plot points, it's pretty surprising William Shakespeare didn't write *Mean Girls*. But now fans can treat themselves to the epic drama and heroic hilarity of the classic teen comedy rendered with the wit, flair, and iambic pentameter of the Bard. Our heroine Cady disguises herself to infiltrate the conniving Plastics, falls for off-limits Aaron, struggles with her allegiance to newfound friends Damian and Janis, and stirs up age-old vendettas among the factions of her high school. On the 15th anniversary of its release, Mean Girls is a recognized cultural phenomenon, and it's more than ready for an Elizabethan makeover. (STL113619) (C: 0-1-0)

Entertaining Comics Group (EC Comics) is perhaps best-known today for lurid horror comics like Tales from the Crypt, but during its 1950s heyday, EC was also an early innovator in another genre of comics: the so-called "preachies," socially conscious stories that boldly challenged the conservatism and conformity of Eisenhower-era America. EC Comics examines a selection of these works - sensationally-titled comics such as "Hate!," "The Guilty!," and "Judgment Day!" - and explores how they grappled with the civil rights struggle, antisemitism, and other forms of prejudice in America. MEMOIRS OF A BOOK THIEF GN

(W) Alessandro Tota
(A) Pierre Van Hove

Paris, the 1950s. Daniel Brodin - bibliophile, book thief, self-proclaimed poet - enters the heated atmosphere of the Cafe Serbier, home of the Parisian literati. Daniel impulsively puts himself forward for a poetry recitation. Under pressure, he recites not one of his own surrealist poems but an obscure piece of Italian verse he's certain no one will know. It's plagiarism, but it's a triumph. Daniel's recital marks his entrance into the Parisian avant-garde: a band of cultured rogues and pseudo-revolutionaries for whom life is a playground for art and planning a robbery has as much value as writing a book. In this milieu, the wine is good and the girls are beautiful. But can success last if it is founded on plagiarism and theft? (STL113211) (C: 0-1-0)

SPIT THREE TIMES GN

(W/A) Davide Reviati

Guido and his pals Moreno and Katango are rebels without a cause living in a rural town of the Po Valley, a forsaken corner of the Italian countryside turned peripheral wasteland. Disaffected students of the local vocational high school, they spend their days trying to get high as a way to forget about the bleak hopelessness around them. As children, they enjoyed being the sons of rural folks and the country seemed to them a never-ending reservoir of wonders. Now that they are almost finished with high school, they much prefer to drive to the nearby Rimini and its Riviera, check out its flashy dance clubs and end up wasted on its shores. THAT'S SO '90S!: A POP-CULTURAL GUIDE TO THE BEST DECADE HC

(W) Jo Stewart

A flashback to the iconic pop cultural moments of the decade-this is history at its most irreverent and engaging. Any '90s kid will find themselves reminiscing over Nickelodeon classics, the Spice Girls, Furbies, Robin Williams in *Flubber*, Pokémon cards, Titanic's haunting tin whistle soundtrack, Jelly shoes, and Leonardo DiCaprio's floppiest hairdo on record. Without *Friends* or *Seinfeld*, would our world still turn? If Nirvana hadn't made it big could grunge have ever reached the masses? For the staying power of '90s pop culture, we have the Internet to thank. it's little surprise that meme culture is heavily steeped in references of the '90s. It's precisely these pop fanatics who will totally delight in this hella-illustrated throwback. (STL113624) (C: 0-1-0)

SATCHEL PAIGE: STRIKING OUT JIM CROW GN

Recommended by Wink Shörtendorfer

You can't work at Diamond without being a baseball fan. It's not a rule, per se, but baseball artwork and memorabilia hangs throughout the office, and I even have some baseball artwork hanging in my own office of players and places of a century ago. What I would love more than pictures, though, would be a time machine so I could visit stadiums that no longer exist. Wouldn't it be amazing to see Babe Ruth at New York's Polo Grounds? Or Mordecai Brown at Chicago's West Side Park? Or Satchel Paige at Pittsburgh's Forbes Field?

Ah, Satchel Paige. One of the finest pitchers to ever play the game, one who had a twenty year professional career in the segregated Negro Leagues before he crossed baseball's "color line" in 1948, a year after Jackie Robinson became the first black major league baseball player since the late 19th-century. Paige was notorious for his showmanship on the pitcher's mound: famously, he would walk the bases full, and then strike out the next three batters on nine pitches. James Sturm and Rich Tommaso tell his remarkable story in *Satchel Paige: Striking Out Jim Crow*, a powerful graphic novel biography about one of the best players to ever play the game and the segregated society in which he lived and played that will engage any reader interested in baseball history.

AMERICAN COMIC BOOK CHRONICLES
THE 1940s 1940-1944
by KURT F. MITCHELL with ROY THOMAS

AMERICAN COMIC BOOK CHRONICLES: 1940-44 HC

The *American Comic Book Chronicles* continues! Kurt Mitchell and editor Roy Thomas composed this volume about the "Golden Age" of the comic book industry, a five-year period that presented the earliest adventures of such iconic super-heroes as Batman, Captain Marvel, Superman, and Wonder Woman. It was a time when America's entry into World War II was presaged by the arrival of such patriotic do-gooders as Will Eisner's Uncle Sam, Harry Shorten and Irv Novick's The Shield, and Joe Simon and Jack Kirby's Captain America. It was when teenage culture found expression in a fumbling red-haired high school student named Archie Andrews. But most of all, the first five years of the 1940s was the age of the "packagers" when studios headed by men like Harry A Chesler, Will Eisner, and Jerry Iger churned out material for a plethora of new comic book companies that published the entire gamut of genres, from funny animal stories to crime tales to jungle sagas to science-fiction adventures. These are just a few of the events chronicled in this exhaustive, full-color hardcover. (STL113728)

MATT BAKER: THE ART OF GLAMOUR HC

(W) Jim Amash (A) Matt Baker

In the early 1940s, Matt Baker became of one the earliest African-American comic book artists. But it wasn't the color of his skin which made him such a significant figure in the history of the medium. Imagine Dave Stevens or Adam Hughes working in the '40s, drawing a new story every month, and you'll have a good idea of Matt Baker's place in the industry throughout his career. Yet few of today's comic book fans know of the artist or his work, because he died in 1959 at the young age of 38, just as the Silver Age of Comics was bringing in a new generation of readers. COMIC BOOKS INCORPORATED: HOW THE BUSINESS OF COMICS BECAME THE BUSINESS OF HOLLYWOOD SC

Comic books wielded their influence from the margins and in-between spaces of the entertainment business for half a century before moving to the center of mainstream film and television production. This extraordinary history begins at the medium's origin in the 1930s, when comics were a reviled, disorganized, and lowbrow mass medium. Visiting critical moments along the way, Shawna Kidman concludes this revisionist history in the early 2000s, when Hollywood had fully incorporated comic book properties and strategies into its business models. The medium had transformed into the heavily exploited, exceedingly corporate, and highly esteemed art form we know so well today. (STL113631) (C: 0-1-0)

BLACK HISTORY MONTH

What do the comic book figures Static, Hardware, and Icon all have in common? *Black Superheroes, Milestone Comics, and Their Fans* gives an answer that goes far beyond "tights and capes." Milestone was the brainchild of four young black creators who wanted to part from the mainstream and do their stories their own way. Milestone focused on the African American heroes in a town called Dakota. Milestone's creators aimed for exceptional stories that addressed racial issues without alienating readers. Tracing the company's history and discussing its creators, their works, and the fans, this book gauges Milestone alongside other black comic book publishers, mainstream publishers, and the history of costumed characters. PLANET OF THE NERDS #1

Recommended by Leigh [illegible]

I would say that the 1980's were great, but I don't remember much of them.

In 1988, when Ahoy Comics' *Planet of the Nerds* opens up, I was four years old and very focused on the *Ghostbusters* cartoon. (Bids to name the family cat "Egon" fell on deaf ears. I'm still salty.) In other words, I was a little young for movies like *Revenge of the Nerds*. It hit theaters in 1984, but thanks to 90's cable TV, I'm not wholly unfamiliar with the genre that *Planet of the Nerds* is cribbing from.

In those movies, the nerds best the jerks, get the hot girls, and live happily ever after.

Nerd.

The word is much more positive now than back then. The moniker used to evoke images of scrawny or tubby kids, generally short, with terrible acne, thick glasses, buck teeth, snorty laughter, and no social skills.

Now, "nerd" is shorthand for someone who is passionate about something they love. No longer are we one mass collective; we've been split up into categories. We, as comics nerds, are joined by sports nerds, comedy nerds, fashion nerds, music nerds, computer nerds, craft nerds, food nerds, movie nerds- you name it, somebody's nerding out about it. And nerds can look like anything!

Like Zachary Levi. Have you looked at Zachary Levi lately? Zachary Levi calls himself a nerd, and he is.

Where was I?

Right. *Planet of the Nerds*.

Three jocks (all alike in dignity, etc.) rule their school, and torture the class nerd. Like you do in 1988.

Well, one of them does, while his friends try to get him to calm the heck down. His name is Chad. Chad is the poster child for toxic masculinity. Seriously, somebody get that kid some help: Yoga, therapy, Ativan, anything. Chad is pretty over the top, but that's one of the things that makes this book so fun.

I won't spoil it for you, but our jocks find themselves in quite the pickle at the end of issue #1 after Chad goes a little too far in his bullying. I can't wait to see how they handle their new circumstances, as they're bound to run into nerds of all shapes, sizes, genders, sexualities, colors and degrees of attractiveness.

Planet of the Nerds #1 is a funny, wacky twist on *Revenge of the Nerds*, with the best of sci-fi curveballs.

Now bring me issue #2! And my pocket protector!

SATCHEL PAIGE: STRIKING OUT JIM CROW GN

Recommended by Wink Shörtendorfer

You can't work at Diamond without being a baseball fan. It's not a rule, per se, but baseball artwork and memorabilia hangs throughout the office, and I even have some baseball artwork hanging in my own office of players and places of a century ago. What I would love more than pictures, though, would be a time machine so I could visit stadiums that no longer exist. Wouldn't it be amazing to see Babe Ruth at New York's Polo Grounds? Or Mordecai Brown at Chicago's West Side Park? Or Satchel Paige at Pittsburgh's Forbes Field?

Mr. Satchel Paige. One of the finest pitchers to ever play the game, one who had a twenty year professional career in the segregated Negro Leagues before he crossed baseball's "color line" in 1948, a year after Jackie Robinson became the first black major league baseball player since the late 19th-century. Paige was notorious for his showmanship on the pitcher's mound: famously he would walk the bases full, and then strike out the next three batters on nine pitches. James Sturm and Rich Tommaso tell the remarkable story in *Satchel Paige: Striking Out Jim Crow*, a powerful graphic novel biography about one of the best players to ever play the game and the segregated society in which he lived and played that will engage any reader interested in baseball history.

His mom, dad, and three brothers are tight, but one of the most influential family members for Johnathan is his Uncle Russell, a convict in prison. Uncle Russell taught Johnathan to see people from the perspective of their cultures, and not just their skin color. But when Johnathan was just eight years old, something happened that filled him with fear and the very hatred that Uncle Russell had warned him about. What happened to Johnathan made him see that a dream of a colorless world was just that. A dream. *Colorblind* is Johnathan's story of confronting his own racism and overcoming it. Little Dounya wanted nothing less than to be perfect, like her mother. In Dounya's culture, food is nearly synonymous with love. Food is nourishment, nourishment is love, love is life. Dounya began to eat to fill the growing need within her. She grew in size, eventually hitting over 200 pounds at just age 15. Food became her only friend. Her peers mocked her. She felt utterly alone. Her obsession with food did a turnabout. MORE ABOUT MANGA!

BY UDON ENTERTAINMENT

FOOD MANGA WITH OTHERWORLDLY IZAKAWA NOBU

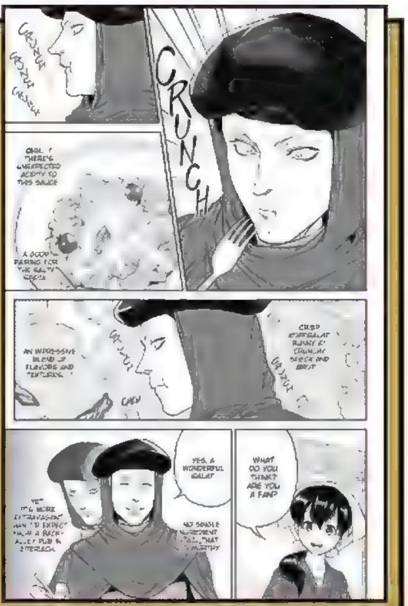
Can Historical Fiction be combined with delicious menus? In manga, the answer is ***YES***!

Known to many as a publisher of high-quality video game art books as well as comics for *Street Fighter*, *Mega Man*, and many more, UDON Entertainment has turned their editorial attentions in a new direction to bring a new taste to the North American manga readers with ***Otherworldly Izakaya Nobu***.

"Nobu is such a perfect fit for us! All UDON guys are foodies, and we especially love Japanese food! Heck, we named our company based on a kind of Japanese noodle!" said UDON Chief Erik Ko. *"The* ***Nobu*** *books are filled with heart-warming vignettes that illustrate how the elements of a great meal can bring the best out of people. These stories really capture the way we feel."*

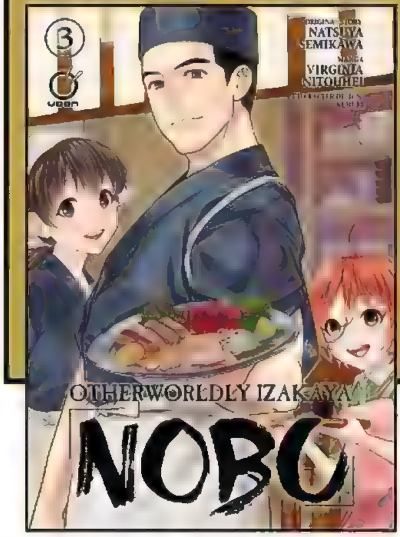
And ***Nobu*** is more than just a regular food manga, the story has an interesting twist! The series takes place in a wonderful Japanese restaurant that has a very unusual feature: the front entrance leads to an ancient German village, while the back door leads to modern-day Japan! The guests of the restaurant who all live in the middle ages get to experience incredible and life-changing meals when they step through the doors of Nobu!

For the full Mangapedia article, see ***PREVIEWS***world.com/manga



"This book is a cross-cultural experience," Ko continued. *"With* ***Nobu****, we give readers a unique way to learn about Japanese cooking as well as learning both German and Japanese languages, their food terms and cultural influences. As each new menu item is introduced in Japanese, you read the German characters saying them in their own language as well. This is an added touch in our version that is not even in the original Japanese books. We want to make sure that the experience is as authentic as possible."*

Each volume also includes a glossary page at the end for quick reference to all of the terms used in the story. All words in both German and Japanese are easily researchable, should readers wish to get more in-depth knowledge of the subject matter.



Otherworldly Izakaya Nobu is an ongoing manga series with 7 volumes published in Japan so far. An omnibus edition collecting Volumes 1-3 is currently available in English, with other volumes coming soon, exclusively from UDON Entertainment!

(A/CA) Nao Emoto

Legendary anime creator Mari Okada (*anohana, Maquia*) makes her manga debut with a moving, funny, so-true-it's-sometimes-embarrassing story of high school girls coming of age together. Kazusa was a quiet middle schooler, but she arrived in high school determined to make friends. So (as a huge Harry Potter fan) she decides to join the literature club. When one of the club's icebreakers is "say one thing you want to do before you die," one of the girls blurts out "sex." The prudish club president, the class beauty, and the other nerdy girls' reactions are wildly different. Far from a typical sex comedy, *O Maidens in Your Savage Season* depicts how these girls challenge and support one another when *that word* pushes them onto a variety of clumsy, funny, painful, and emotional paths towards adulthood. Do you know how Scrooge McDuck earned his lucky #1 dime? Do you know how he amassed his great fortune? Did you know Scrooge earned a reputation in the Klondike? Did you know Scrooge once beat the entire US Army and President Teddy Roosevelt?

Carl Barks laid the foundation, but Don Rosa spun out the legend. *The Complete Life & Times of Uncle Scrooge* two-volume set is the Holy Grail of Duck-lore, a title long out of print and never collected with all its companion "follow-up" stories: this is a DUCKTALE of Arthurian proportion. Told in chronological order for the first time and remastered by Don Rosa himself, *The Life & Times Of Scrooge McDuck* assumes its ultimate form in Fantagraphics' *Complete Life & Times of Uncle Scrooge*.

TOY TALK: RYAN TING

Toys, Statues and other collectibles don't just magically appear on store shelves. A lot of work goes into the concept, design, sculpting and final production of these items, and many of the people who work behind-the-scenes with companies like Diamond Select, DC Collectibles and Gentle Giant, among others, remain mostly unknown to their appreciative audience: the final consumer.

With *Toy Talk*, we hope to introduce you to the artisans behind some of your favorite collectibles, and to let them enjoy their well-deserved moment in the spotlight!

This month, we welcome *Hasbro Global Brand Mgr. (Marketing)*, RYAN TING...

PREVIEWS: Marvel Legends is obviously one of the most popular toy lines on the market... But, in your own words, what makes this line unique and/or special?

Ryan Ting: *Marvel Legends* has an amazing legacy and helped to establish the highly articulated and detailed 6-inch figure scale back in 2002. Hasbro has been producing *Marvel Legends* 6-inch figures for over a decade, and the dedicated fans and collectors who are passionate about the line are what make it so special. We are continuously looking for ways to elevate our products and have expanded our *Marvel Legends* line to include premium role-play, 6-inch scale vehicles, and PhotoReal technology which provides a new way to capture actor likenesses in our 6-inch figures. With each wave of movie-based or comic-inspired figures, the continued excitement from fans who rally around this line is truly one-of-a-kind.

PREVIEWS: Could you give us some insight into the design process? How does a figure go from an idea to the product we see in the packaging?

Ryan Ting: Thanks to Hasbro's new PhotoReal technology and our close partnership with Disney and Marvel Studios, we're able to get incredible studio reference to capture the intricacies of each actor's likeness for our 6-inch movie figures. The process starts with a 3D sculpt of the head and face as we do with most figures. Using digital photo reference provided to us by the Studio, we're able to use this technique to apply those intricate details to the faces of the figures through a digital inkjet printing technique.

PREVIEWS: Obviously, there are tons of characters represented in the Marvel Legends lineup. But how is the decision made which characters to portray?

Ryan Ting: Hasbro strives to create new *Marvel Legends* figures that reflect the amazing variety of heroes and villains seen in Marvel films, comics, and animated series. Typically, the Marvel characters featured in current movies and animated series tend to be the most popular, but there are thousands of characters in the comic universe that die-hard fans want to collect as well. Across design, engineering, marketing and packaging, the *Marvel Legends* development team members are all passionate fans of Marvel, so we try to keep the diverse interests of all fans in mind when deciding which figures to create. The *Marvel Legends* global fan community is so enthusiastic, and we take that feedback into consideration as well.

PREVIEWS: Has the popularity of the Marvel Cinematic Universe and Marvel's Netflix shows helped influence which characters you decide to portray?

Ryan Ting: As the Marvel Universe continues to expand, we're excited to introduce new characters to the *Marvel Legends* line to support upcoming entertainment releases for both the big and small screen. In 2018 Marvel Legends celebrated *Marvel Studios: The First Ten Years* and released several first-time *Legends* figures for fan favorite characters. We continue to look for opportunities to help fans fill the gaps in their cinematic collections. Hasbro is dedicated to creating products that we think fans will be excited about, and we look forward to revealing new waves of comic and movie figures in 2019.

PREVIEWS: Hasbro has now produced the line for over a decade... What changes/improvements have been made over these 10+ years?

Ryan Ting: Hasbro is constantly striving to improve our products for fans and collectors. Over the last 10+ years, we have expanded the *Marvel Legends* line to include various scales of comic and movie figures and have made large design strides to create the highly detailed and articulated figures that collectors desire. We also introduced PhotoReal digital printing technology in 2017 and have received positive feedback to this new approach for movie-based figures. The *Marvel Legends* premium roleplay line now offers fans 1:1 scale adult-sized items with electronic features inspired by live-action entertainment such as the 2018 *Avengers: Infinity Gauntlet* and *Black Panther* helmet.

PREVIEWS: The big excitement for Marvel is obviously the release of Captain Marvel and Avengers: Endgame in the coming months... Can you talk about what Hasbro has in store to celebrate these films?

Ryan Ting: We just released a new wave of *Marvel Legends* 6-inch movie figures in celebration of *Captain Marvel* featuring characters such as Captain Marvel, Talos, Nick Fury, and Yon-Rogg. We've been working hard to craft some really great figures to support the impressive slate of Marvel entertainment this year, and fans can stay tuned for exciting new additions to the *Marvel Legends* line throughout 2019. For the latest news on upcoming *Marvel Legends* products, fans can check out Hasbro Pulse (*http://pulse.hasbro.com/content/homepage*)!

The cards themselves come with a throwback style reminiscent of the era in which the show is set, the 1980s. Season two is summarized over the course of 100 cards. All are done on retro card stock like what's used in modern Topps Heritage releases! Sticking with the retro theme are two different sets of stickers and a 20-card Characters insert set done as regular cards, plus chase cards like Autographs and Commemorative Patch Cards! Sketch cards come with original art done directly on the card. Given the unique nature of each piece, many regard these as one-of-ones. 7 cards per pack, 24 Packs per box. (STL111944) **Item has been previously solicited in New to Order.** (C: 1-1-1) **NOTE:** Available only in the United States, Canada, and U.S. Territories.
